2.4 Način oddaje javnega naročila

Za oddajo predmetnega javnega naročila se izvede postopek s pogajanjem z objavo v skladu z 45. členom ZJN-3, pri katerem lahko vsi, ki imajo interes pridobiti javno naročilo, predložijo svoje ponudbe, pripravljene skladno z vnaprej določenimi zahtevami naročnika iz razpisne dokumentacije.

Naročnik bo na podlagi v nadaljevanju navedenih pogojev opravil pogajanja z vsemi ponudniki, ki bodo izpolnili naročnikove pogoje ter na podlagi meril izbral najugodnejšega ponudnika ter z njim sklenil zavarovalno pogodbo.

2.5 Razpisna dokumentacija

Razpisna dokumentacija je objavljena na PJN ter v UL ES.

Ponudniki morajo natančno pregledati razpisno dokumentacijo. Neizpolnitev vseh zahtev iz razpisne dokumentacije ima za posledico, da se ponudba izloči iz nadaljnjega postopka oddaje javnega naročila. Vse ponudbe morajo v celoti upoštevati razpisno dokumentacijo in morajo izpolnjevati vse pogoje za sodelovanje v tem postopku javnega naročanja.

Če se ugotovi kakršen koli razlog za izločitev ponudbe, naveden v ZJN-3, bo ponudba izločena.

2.6 *Predložitev ponudbe*

Vsi zainteresirani ponudniki lahko svojo ponudbo skladno z razpisno dokumentacijo oddajo v zaprti kuverti na naslov: **Nuklearna elektrarna Krško d. o. o., Vrbina 12, 8270 Krško**, skladno z navodili spodaj.

Na kuverti mora biti vidna oznaka:

»NE ODPIRAJ – PONUDBA – ZAVAROVANJE PREMOŽENJA NEK«

Na hrbtni strani mora biti obvezno označen naslov ponudnika.

Če ponudnik odda ponudbo v več kuvertah ali ovojih, morajo biti te označene po zaporedju in njihovo število navedeno. Kuverta ali ovoj mora biti zapečaten in zaprt tako, da je na odpiranju možno preveriti, da je zaprt tako, kot je bil predan, ter označen, kot je navedeno zgoraj.

Če ponudba oz. njeni deli ne bodo pravilno označeni (kot je zgoraj zahtevano), naročnik ne odgovarja za predčasno odpiranje ali za založitev ponudbe. V takšnem primeru bo ponudba izločena iz nadaljnjega postopka oddaje javnega naročila.

Ponudba mora prispeti na pošto Nuklearne elektrarne Krško, d. o. o., Vrbina 12, 8270 Krško (soba št. 235) do zahtevanega datuma in ure.

2.7 *Prepozno dostavljene ponudbe, sprememba in umik ponudbe*

Vsaka ponudba, ki jo prejme naročnik v vložišče po roku za predložitev ponudb, se šteje, da je bila predložena prepozno in jo naročnik po končanem postopku odpiranja ponudb neodprto vrne ponudniku z navedbo, da je prepozna.

Ponudnik sme umakniti ponudbo, jo dopolniti ali zamenjati do poteka roka za predložitev ponudbe. Po preteku roka za predložitev ponudb ponudniki ne morejo več spremeniti oddanih ponudb, jih dopolniti ali nadomestiti z novimi, naročnik pa jih ne sme prevzeti.

V primeru, da ponudnik do roka za oddajo ponudb dostavi še dopolnitev ponudbe oz. ponudbo s popustom, mora ta obvezno vsebovati tudi izjavo oz. soglasje morebitnih podizvajalcev, oz. če je skupna ponudba, tudi soglasje oz. izjavo vseh ostalih ponudnikov, da se strinjajo s popustom. V nasprotnem primeru se dopolnitev ponudbe ne bo upoštevala.

Razpisno dokumentacijo je potrebno upoštevati in predložiti vse zahtevane in verodostojne dokumente. Tako opremljena ponudba se bo štela za pravilno.

2.8 *Jezik*

Ponudba in vse obvezne sestavine ponudbene dokumentacije so lahko napisane v slovenskem, hrvaškem ali angleškem jeziku.

2.9 *Veljavnost ponudbe*

V ponudbi mora biti točno naveden datum, do katerega velja ponudba. Ponudba mora veljati vsaj še 90 dni po datumu odpiranja ponudb.

V izjemnih okoliščinah bo naročnik lahko zahteval, da ponudniki podaljšajo čas veljavnosti ponudb za določeno dodatno obdobje. Ponudnik lahko zavrne zahtevo. Od ponudnika, ki se z zahtevo strinja, ne bo zahtevano ali dovoljeno, da razen podaljšanja veljavnosti ponudbe, kakorkoli drugače spreminja ponudbo, razen v skladu z 89. členom ZJN-3

2.10 Valuta, cena in načini plačila

Valuta v ponudbi je EUR (evro).

Plačila zavarovalnih premij bodo izvedena v evrih in v skladu s plačilnimi roki, navedenimi v vzorcu zavarovalne police.

Ponudbena cena pokriva celoten obseg zavarovanja, kot opisuje vzorec zavarovalne police, ki je sestavni del te razpisne dokumentacije.

Naročnik bo očitne računske napake odpravil ob pisnem soglasju ponudnika na naslednji način:

- kjer se bo pojavila razlika med zneski, izraženimi v številkah, in zneski, izraženimi z besedami, bo naročnik upošteval zneske, izražene v številkah;
- kjer se bo pojavila napaka pri ceni brez davka in ceni z davkom, bo naročnik upošteval ponudbeno ceno brez davka in pravilno preračunal ceno z davkom;
- kjer se bo pojavila napaka v množenju cene na enoto in količine, bo naročnik upošteval ceno na enoto in bo popravil skupni zmnožek;
- kjer se bo pojavila napaka v seštevku, bo naročnik popravil seštevek.

Pri odpravi računskih napak se količina in cena na enoto ne smeta spreminjati.

2.11 Stroški ponudbe

Vse stroške, povezane s pripravo in predložitvijo ponudbe, nosi ponudnik.

2.12 Pojasnila, popravki, spremembe ali dopolnitve razpisne dokumentacije

Če bi ponudniki potrebovali morebitna pojasnila glede razpisne dokumentacije, naj svoja vprašanja pošljejo na PJN, najpozneje 15. dan pred rokom za predajo ponudb. Naročnik bo odgovoril na vprašanja na portalu najkasneje do šest dni pred rokom za predajo ponudb.

Vsi odgovori bodo del razpisne dokumentacije za pripravo ponudb.

Naročnik si pridržuje pravico do spremembe razpisne dokumentacije, vendar ne pozneje kot 6 dni pred rokom za predajo ponudb, na svojo pobudo ali kot odziv na predlog morebitnega ponudnika. Spremembo je treba objaviti na PJN. Rok za oddajo ponudb ostane nespremenjen.

Pravni akt o skupnem nastopu (podpisana in žigosana pogodba med vsemi partnerji) morajo predati vsi ponudniki, tako da jasno določijo:

- glavnega ponudnika (tudi glavni partner) pri izvajanju javnega naročila;
 - pooblastilo glavnemu ponudniku (tudi glavnemu partnerju) in osebi, pooblaščen za podpis ponudbe, da lahko v imenu skupnih ponudnikov odda zavezujočo ponudbo;

- izjavo, da so vsi ponudniki seznanjeni s plačilnimi pogoji iz razpisne dokumentacije, ter
- določbo o solidarni odgovornosti vseh ponudnikov v skupni ponudbi.

2.14 *Variantne ponudbe*

Variantne ponudbe niso dopustne in ne bodo upoštevane.

2.15 *Način izvedbe pogajanj*

Po pregledu ponudb bo Naročnik ponudnike, ki izpolnjujejo pogoje iz razpisne dokumentacije in ZJN-3, povabil na pogajanja.

Naročnik se bo lahko pogajal o vsem.

Pogajanja bodo potekala v enem krogu v prostorih NEK. Po koncu pogajanj bo naročnik povabil ponudnike k oddaji končne ponudbe. V povabilu k oddaji končne ponudbe bo naročnik poslal navodila za oddajo primerljivih ponudb, ki jih bo naročnik ocenil na podlagi meril iz razpisne dokumentacije. Končne ponudbe bodo oddane pisno, naročnik pa jih bo odprl na javnem odpiranju končnih ponudb.

2.16 *Odpiranje ponudb*

Strokovna komisija (v nadaljevanju komisija), ki jo imenuje uprava naročnika, bo opravila odpiranje ponudb v prostorih NEK, Vrbina 12, Krško, **v glavni sejni sobi 223 v II. nadstropju poslovnega objekta, dne 2. 10. 2017 ob 13:00 uri**, ne glede na to, ali so pooblaščen predstavniki ponudnikov navzoči ali ne.

Prosimo, da upoštevate čas, ki je potreben za vstop v jedrski objekt (vsaj 15 minut).

Komisija bo vodila Zapisnik o odpiranju ponudb, ki bo vseboval informacije, zahtevane v 88. členu ZJN-3. Pred uradno razglasitvijo izbranega ponudnika se ponudnikom ali kateri drugi osebi ne sme razkriti nobenih podatkov, povezanih s pregledom, razjasnitvijo, vrednotenjem in primerjanjem ponudb, s predlogi za izbiro ponudnika, če se to posebej ne zahteva z določenim postopkom.

Naročnik in ponudnik ne smeta delovati tako, da bi vplivala na izbiro ponudb.

Naročnik mora zavrniti ponudbo, če ponudnik, ki jo je predal, da ali je pripravljen dati trenutnemu ali prejšnjemu zaposlenemu naročnika darilo v obliki gotovine ali katerega drugega vrednega predmeta, ponudi delo ali kakšno darilo ali storitev, katere vrednost se lahko meri v valuti in s katero bi ponudnik vplival na odločitev ali nadaljnji postopek vrednotenja ponudb.

Razlogi za zavrnitev ponudbe morajo biti jasno navedeni v pismu, ki se pošlje ponudniku, in v dokumentaciji, ki je povezana z javnim naročilom.

Če se kadar koli med sklenitvijo zavarovalne pogodbe ali njeno izvedbo nedvoumno izve, da je prišlo do podkupovanja, omenjenega zgoraj, ali poskusa podkupovanja, ali da se je zavarovalna pogodba sklenila zaradi podkupovanja, ki je bilo obljubljeno ali izvedeno, neposredno ali posredno, ali če je zaposleni naročnika ali katera druga oseba z morebitnim vplivom na sklenitev zavarovalne pogodbe ali izvedbo zahteval katero koli storitev ali darilo, je zavarovalna pogodba nična ne glede na fazo njene izvedbe.

2.21 Pojasnila ponudb

Naročnik lahko na svojo pobudo prosi ponudnike za pojasnitev njihovih ponudb. Takšno prošnjo lahko posreduje ponudnikom do datuma izbire najugodnejše ponudbe.

Prošnje za razjasnitev in odgovori oz. pojasnila morajo biti v pisni obliki.

Naročnik ima pravico od ponudnika zahtevati dodatno razlago ponudbe, poleg razlogov iz člena 89 ZJN-3, če gre za kakšne nejasnosti v ponudbi. Naročnik obvesti ponudnika o nejasnostih, ki jih je treba razložiti, in določi datum za posredovanje pojasnil in dodatkov. Rok ne sme biti krajši od treh (3) dni. Če ponudnik v predpisanem roku ne uspe posredovati zahtevanih pojasnil in dodatkov k ponudbi, se takšna ponudba izloči iz postopka javnega naročanja.

2.22 Posredovanje podatkov

Izbrani ponudnik mora v postopku javnega naročanja ali pri izvajanju javnega naročila, naročniku na njegovo zahtevo posredovati podatke o:

- svojih ustanoviteljih, družbenikih, vključno s tihimi družbeniki, delničarjih, komandistih ali drugih lastnikih in podatke o lastniških deležih navedenih oseb;
- gospodarskih subjektih, za katere se glede na določbe zakona, ki ureja gospodarske družbe, šteje, da so z njim povezane družbe.

Izbrani ponudnik mora navedene podatke posredovati naročniku v roku osmih (8) dni od prejema poziva.

2.23 *Prekinitev*

Naročnik si pridržuje pravico, da kadar koli pred datumom končanja postopka javnega naročanja prekine postopek sklenitve zavarovalne pogodbe. Naročnik ne bo ponudil nadomestila za stroške, ki so jih imeli ponudniki pri zbiranju ponudbene dokumentacije, o čemer so ponudniki obveščeni.

Iz razlogov, ki jih določa osmi odstavek 90. člena ZJN-3, ima naročnik pravico, da po sprejetju odločitve o sklenitvi zavarovalne pogodbe ne podpiše.

2.24 *Informacije, ki so poslovna skrivnost*

Ponudniki morajo v zgornji desni kot označiti kot »POSLOVNA SKRIVNOST« vse dokumente v ponudbi, za katere menijo, da so poslovna skrivnost. Če so samo določeni podatki v ponudbi poslovna skrivnost, je treba te podatke podčrtati in na koncu vrstice dopisati »POSLOVNA SKRIVNOST«. Naročnik ob tem ponudnike obvešča, da podatki, ki se štejejo za javne v skladu z določilom 2. odstavka člena 35 ZJN-3, ne morejo biti označeni kot poslovna skrivnost. Med takšne spadajo: zneski iz specifikacije, vrednost posameznih enot in celotna vrednost ponudbe. Dokumente, ki jih ponudnik formalno pravilno označi kot poslovno skrivnost, se lahko uporabijo le za postopek javnega naročanja in niso dosegljivi nikomur izven kroga oseb, ki so vključene v postopek javnega naročanja. Naročnik bo v celoti odgovoren za zaščito tajnosti podatkov, ki bi bili pridobljeni na takšen način. Takšni podatki ne bodo nikoli objavljeni.

Naročnik bo kot poslovno skrivnost obravnaval tiste podatke v razpisni dokumentaciji, ki so označeni kot »POSLOVNA SKRIVNOST«, in ne bo odgovoren za tajnost tistih podatkov, ki niso označeni, kot je predpisano, razen za tiste, ki se štejejo kot poslovna skrivnost ali zavarovani osebni podatki v skladu z veljavno zakonodajo. Če bodo kot poslovna skrivnost označeni podatki, ki ne izpolnjujejo pravnih meril, bo naročnik prosil ponudnika, da odstrani oznako »TAJNO« ali »POSLOVNA SKRIVNOST«. To opravi ponudnikov predstavnik, in sicer tako, da zapiše »BRISANO« ter to opombo datira in podpiše. Če ponudniku ne uspe izbrisati opombe o tajnosti podatkov v zahtevanem roku, lahko naročnik sam izbriše opombo »POSLOVNA SKRIVNOST«.

2.25 *Zahtevek za revizijo*

Vsak ponudnik, ki sodeluje v postopku javnega naročanja in meni, da postopek ni potekal v skladu z ZJNVETPS, lahko zahteva revizijo postopka.

Revizija bo potekala v skladu z ZPVPJN.

Vlagatelj mora zahtevku za revizijo priložiti potrdilo o plačilu takse iz 71. člena ZPVPJN v znesku 3,500.00 EUR. Taksa se plača na TRR Ministrstva za finance št. 0110 0100 0358 802 – proračun RS, referenca 11 16110-7111290-XXXXXXXXX. Zadnjih osem mest pomeni številko publikacije na PJN.

2.26 *Obvestilo o odločitvi o oddaji naročila in sklenitev zavarovalne pogodbe*

Naročnik bo sklenil zavarovalno pogodbo s ponudnikom, ki je oddal najugodnejšo končno ponudbo najbolj konkurenčne ponudbe.

Naročnik bo izbral najbolj konkurenčno ponudbo in vse ponudnike obvestil na način, da bo odločitev o oddaji javnega naročila objavil na PJN.

V odločitvi bodo navedeni razlogi za izbiro najboljše ponudbe in znesek, ki ga bo naročnik plačal ponudniku za storitve po zavarovalni pogodbi.

Izbrani najboljši ponudnik mora najkasneje v osmih (8) dneh po prejetju pogodbe to pogodbo podpisati in jo vrniti naročniku. V nasprotnem primeru bo naročnik sklepal, da je ponudnik ponudbo umaknil. Od trenutka izbire najugodnejše ponudbe do začetka veljavnosti pogodbe ne smeta niti naročnik niti ponudnik sprejeti nobenih ukrepov, ki bi lahko ogrozili začetek veljavnosti zavarovalne pogodbe ter njeno izvedbo.

Naročnik si pridržuje pravico sprejeti ali zavrniti katero koli ali vse ponudbe.

3. MERILA ZA VREDNOTENJE

The Insured may also start removing the damage before the expiry of 5 days in order to continue with normal production.

The damage is to be assessed and appraised jointly by the Insured and the Insurer, or by their authorized representatives.

- b) In the case of the Insured and the Insurer not agreeing during the assessment and the appraisal of the damage each of the contracting parties may request that the loss be assessed by independent experts.
- c) Each of the contracting parties is to nominate its experts in writing. Only persons who are not employees of the Insurer, or the Insured may be nominated as experts.

Before the expertise starts both nominated experts shall choose a third expert as a Chairman.

- d) The subject of expertise can be only disputed facts. The Insured and the Insurer shall determine in each single case, which disputed facts shall be the subject of expertise and the procedure of expertise, by written agreement.
- e) Each contracting party bears the expenses for its own expert. The expenses for the Chairman are borne by both equally.

(5) Payment of Indemnity

- a) When the insured event occurs, the Insurer is bound to pay the indemnity within 14 days from the day when he received the information that the insured event has occurred.
-

If certain time is necessary for assessment of the existence and/or extent of the Insurer's obligation, and/or their amount, this term starts from the day when the existence and/or extent and/or amount of his obligation have been established.

- b) If the amount of the Insurer's obligation cannot be established within the term defined in the first paragraph of this article, the Insurer will on request of the Insured pay the amount of undisputed part of his obligation.

(6) Reasonable Precautions

The Insured shall take all reasonable precautions to avoid loss destruction or damage.

(7) Notification of Circumstances Significant for Estimation of the Risk

- a) The Insured must notify the Insurer before the conclusion of the Contract of all circumstances, which are significant for estimation of risk, which are known to him as such or could not have remained unknown to him.
- b) If the Insured has intentionally made an inaccurate notification or suppressed certain circumstances of such a nature that the Insurer would not have signed the Contract if he had known the real situation, the Insurer may request the cancellation of the Contract.

In the case of cancellation of the Contract due to the reasons stated above, the Insurer retains the premium paid and has the right to request the premium payment for the period of insurance in which he requested the cancellation of the Contract.

The Insurer's right to request the cancellation of the Insurance Contract expires if he does not notify the Insured that he has the intention to use this right within 3 months from the date he learnt about the inaccuracy of notification or suppression.

- (c) If the Insured made an unintentionally inaccurate notification or failure to give full notification the Insurer may, at his own discretion cancel the Contract or alternatively increase the premium in proportion to the increased risk, within a month after he learnt about the inaccuracy or incompleteness of notification.

In this case the Contract expires after 14 days from the date when the Insurer informed the Insured about cancellation, and in the case of the Insurer proposing the increase of the premium, the Contract is cancelled automatically if the Insured does not accept the proposal within 14 days from the date when he received it.

In case of cancellation the Insurer is bound to return a part of the premium relating to the unexpired period up to the end of the insurance.

If an insured event occurs before the inaccuracy or incompleteness of notification was ascertained or after it, but prior to the Contract cancellation, or prior to reaching the agreement on premium increase the indemnification is decreased in proportion between the rate of paid premiums and the rate of premium which should be paid according to actual risk.

- (d) The provisions stated in the above paragraphs on consequences of inaccurate notification or suppression of circumstances, which are material for risk estimation are also applied in cases of concluded Contracts in respect of other interested parties if they knew about those inaccuracies of notification or suppression of significant material circumstances for estimation of the risk.
- (e) If the Insurer knew at the moment of the conclusion of the Contract about circumstances which are significant for the estimation of the risk or could not have remained unknown to him and which the Insured has inaccurately notified or suppressed, the Insurer cannot refer to it as inaccuracy of notification or suppression.

The same is effective in the case when the Insurer learns about such circumstances within the insurance period, but does not react to them as allowed above.

(8) Insured's Notification on Risk Changes

- a) The Insured must inform the Insurer about any significant change in the degree of risk, especially with respect to:
 - (i) any projects for change to the specification or manner of use of the nuclear installation;
 - (ii) the operating instructions for the safe use of the nuclear installation;
 - (iii) a change of conditions established by the permit of use.

If the risk has been increased to such an extent that the Insurer would not have issued the Policy if such circumstances had existed at the moment of issuing the Policy, the Insurer may cancel this insurance.

If the risk has been increased to such an extent that the Insurer would have accepted to issue the Policy, but with a higher premium if such circumstances has existed at the moment of issuing the Policy, the Insurer may propose the new premium.

If the Insured does not accept the new premium within the period of 14 days after receiving the proposal of the new premium this insurance is deemed to be cancelled.

However, the contract remains in force and the Insurer is no longer justified to propose a new level of premium, or withdraw from the contract, if it does not use its right within thirty days of the date on which it became aware of any increase of the risk, or if, before the expiry of that period, shows that it agrees to continuation of the contract (by receiving the payment of premium, paying the claim that occurred after this increase, etc.).

- b) If the insured event occurs before the Insurer has been informed about the increased risk or after he has been informed about such increase but before the Contract had been cancelled or before the agreement about new premium has

been finalized, the indemnity under this Policy is reduced in proportion to the paid premium and the premium which should have been paid.

- c) In the case of the conclusion of the Insurance Contract after the decrease of risk occurs, the Insured has the right to request a corresponding decrease of premium from the date on which he informed the Insurer of the decrease.

If the Insurer does not agree with the decrease of premium, the Insured can cancel the Contract.
