" Establishing of an environment-light cloud data warehouse (DWH)"

public procurement

Summary of
the technical part of the public procurement documentation relating to the award of the contract

The subject of the public procurement is the establishment of an environment-light cloud data warehouse (DWH) with the aim of ensuring a stable, secure and powerful environment for advanced data analytics that will support strategic and operational decisions of the HSE Group companies.

The subject of the public procurement includes:

1. rental of software solutions for a cloud data warehouse in accordance with the requirements of the contracting authority,
2. consulting for the establishment and use of the cloud data warehouse and its connection to the environment,
3. implementation of technical support.

The rental of the cloud data warehouse must be provided for 36 months, consulting services are also required before the operationally established DWH system, so that the contracting authority has determined a total of up to 38 months for the implementation of the public procurement in question.

The company HSE, as the contracting authority of the public procurement and the controlling company of the HSE Group, wants to establish a DWH system that includes the following HSE companies:

1. Holding Slovenske elektrarne d.o.o. (HSE),
2. Dravske elektrarne Maribor d.o.o. (DEM),
3. Soške elektrarne Nova Gorica d.o.o. (SENG),
4. HSE Invest d.o.o. (HSE Invest),
5. RGP, rekonstrukcije, gradnja, proizvodnja d.o.o. (RGP),
6. ECE d.o.o (ECE),
7. Energija plus d.o.o (E+),
8. HSE SaŠa d.o.o. (HSE Saša).

The subject of this public procurement is not divided in lots.

In case of potential differences between Slovenian text in the public procurement documentation relating to the award of the contract and this summary in English translation, the Slovenian version takes precedence.
