INVITATION TO TENDER

for the

**Award of a Public Contract in the Field of Defence and Security under the Negotiated
Procedure with Prior Publication for the**

**ENSURING THE OPERATIONAL READINESS OF SLOVENIAN ARMED FORCES AIRCRAFT –
MAINTENANCE OF SAFRAN ENGINES, MAKILA 1A1**

MORS 366/2025 – ON – PSPs

CONTRACTING AUTHORITY:

Republic of Slovenia, Ministry of Defence, Vojkova cesta 55, 1000 Ljubljana, Slovenia

I. INVITATION

1. INVITATION TO TENDER

You are hereby invited to submit a Bid in response to this Invitation to Tender issued in accordance with the negotiated procedure with a prior publication notice, for the conclusion of framework agreement for the provision of the operational readiness of Slovenian Armed Forces aircraft.

This public procurement procedure will be carried out in accordance with the provisions of the Public Procurement in the Defence and Security Sector Act (Official Gazette of the Republic of Slovenia Nos. 90/12, 90/14-ZDU-1I, 52/16, and 122/23; hereinafter: ZJNPOV).

2. REFERENCE NUMBER AND SUBJECT OF THE PUBLIC PROCUREMENT

Reference number: 366/2025 – ON – PSPs.

Subject of the public contract: ENSURING THE OPERATIONAL READINESS OF
SLOVENIAN ARMED FORCES (SAF) AIRCRAFT –
MAINTENANCE OF SAFRAN ENGINES, MAKILA 1A1

The description of the subject of this public contract and the other Contracting Authority's requirements are laid out in Section V. Description of the Subject of the Contract. A detailed description of the subject matter of the contract, along with the quality, logistical, and technical requirements, is provided in the Scope of Work documents (hereinafter: SOW) which is attached to this Invitation to Tender.

The Bid to be submitted shall cover the entire subject of the public contract.

Abbreviations used in this Invitation to Tender documentation:

- SOW: Scope of Work
- CAA: National Civil Aviation Authority
- VLO: (Slovenian acronym for *Vojaški letalski organ*) National Military Aviation Authority in the Republic of Slovenia
- MAA: Military Aviation Authority
- EASA: European Union Aviation Safety Agency
- FAA: Federal Aviation Administration
- OEM: Original Equipment Manufacturer
- TC: Type Certificate

3. BID SUBMISSION

The Bid must be submitted by e-mail to glavna.pisarna@mors.si by **18 December 2025**. Please include » PONUDBA MORS 366/2025-ON-PSPs, reference number 430-441/2025« in the subject of your email.

4. TIME AND PLACE OF BID OPENING

The Contracting Authority shall open the Bid without Bidder's representatives.

5. BID VALIDITY

The Bid, including all documentation relating thereto, shall be valid for a period of 120 days from the closing date for Bid submission; the Bidder confirms agreement therewith by submitting the Bid.

If, due to objective circumstances, the framework agreement is not signed during the Bid validity period, the Contracting Authority may request a Bid validity extension. However, such an extension shall not exceed sixty (60) days. All requests and replies thereto are to be submitted in writing.

6. ESTIMATED DURATION AND PLACE OF SERVICE DELIVERY

Estimated period of service: 48 months from the date of signature of the Framework Agreement by both Parties, with the possibility of extending the Framework Agreement for an additional period of up to 36 months (for a total maximum duration of 84 months). The work subject to the Contract shall be performed successively, depending on the Contracting Authority's actual needs.

Place of service delivery: expected to be at the Contractor's site. The Contracting Authority and the Contractor may agree otherwise on a case-by-case basis.

Place of delivery of spare parts: expected to be at the premises of the Contracting Authority. Ministry of Defence of the Republic of Slovenia, Jernej Molan Barracks, Warehouse of the 153rd Aircraft Maintenance Squadron (LETEHESK), Cerklje ob Krki 4a, 8263 Cerklje ob Krki, Slovenia. The Contracting Authority and the Contractor may agree otherwise on a case-by-case basis.

Training location: expected to be at the Contractor's site or to be determined on a case-by-case basis for each contract. The date and timeframe for each training session shall be agreed upon with the Contracting Authority on a case-by-case basis.

7. THE INDICATIVE CONTRACT VALUE

The total indicative value of the public contract for a 48-month period, with the possibility of renewal for up to an additional 36 months (for a total duration of no more than 84 months) amounts as follows:

Lot No.	Lot Title	Indicative Value in EUR, excl. VAT	Indicative Value in EUR, incl. VAT
1	Maintenance of Safran Engines, Makila 1A1	5,245,901.64	6,400,000.00

The Contracting Authority reserves the right to increase the frame work value by up to 30% for the procurement of additional goods/services during the term of the framework agreement, as defined in the subject-matter of the framework agreement, in accordance with its needs and available financial resources.

The maximum value of the framework agreement, including the option referred to in the preceding paragraph of this Article, shall be:

Lot No.	Lot Title	Indicative Value increased by 30% in EUR excl. DDV	Indicative Value increased by 30% in EUR incl. DDV
1	Maintenance of Safran Engines, Makila 1A1	6.819.672,13	8.320.000,00

The above values are indicative and non-binding on the Contracting Authority, subject to its actual needs and financial capacity.

The Contracting Authority shall not be liable for damages or in any way whatsoever for any failure to achieve the specified values.

8. TERMS OF PAYMENT

The Contracting Authority shall pay the e-invoice that serves as the basis for payment within **30 days** from the first day after the day of the official receipt of the document (e-invoice) at the Contracting Authority's address: Ministry of Defence, Vojkova cesta 55, 1000 Ljubljana, Slovenia, with reference to the issuing organisational unit, contract no., and order form no.

Should the e-invoice fail to include the required information, it will be rejected.

The invoice in electronic format (e-invoice) shall be used by Slovenian legal entities only; foreign Bidders shall submit the invoice in .pdf format to: glavna.pisarna@mors.si.

9. NOTIFICATION OF THE CONTRACT AWARD DECISION

The Contracting Authority shall publish the Contract Award Decision on the Public Procurement Portal. The decision shall be deemed to have been served on the day of said publication.

10. THE CONCLUSION OF FRAMEWORK AGREEMENT

Pursuant to Article 77(5) of the Public Procurement in the Defence and Security Sector Act (ZJNPOV), the Contracting Authority shall conclude a framework agreement with the selected Bidder after the contract award decision becomes final.

11. THE RIGHT TO SUSPEND AND WITHDRAW FROM THE PUBLIC PROCUREMENT PROCEDURE

Pursuant to Article 77 of the Public Procurement in the Defence and Security Sector Act (ZJNPOV), the Contracting Authority reserves the right to suspend the public procurement procedure at any time without liability to the Bidders who are or would be participating in the procedure.

12. ANTI-CORRUPTION CLAUSE

Any contract in which a person promises, offers, or gives any undue advantage to a representative or agent of a public sector body or organisation on behalf or for the account of another contracting party for the purpose of obtaining business, concluding business under more favourable terms and conditions, or omitting due supervision over the implementation of contractual obligations, or for

the purpose of any other act or omission that causes a public sector body or organisation damage, or by which a representative or agent of a public sector body or organisation, the other contracting party or its representative, agent or intermediary are put in a position to obtain an undue advantage, shall be deemed null and void.

II. BID PREPARATION INSTRUCTIONS

1. APPLICABLE REGULATIONS FOR THE IMPLEMENTATION OF THE PROCEDURE

The procedures shall be carried out based on the applicable law and regulations governing public procurement in the fields of defence and security, and in accordance with the relevant legislation governing public finances and the area that is the subject of the public procurement.

2. BID LANGUAGE, FORM AND CONTENT REQUIREMENTS

The Bid shall be prepared in Slovenian or English. The Bid values (prices) must be quoted in Euro (hereinafter: EUR). The Bidder shall provide the required technical data in Slovenian or English. If the required technical data is in another foreign language, the Bidder shall provide a translation into English or Slovenian.

3. QUERIES RELATING TO TERMS AND CONDITIONS INCLUDED IN THIS INVITATION TO TENDER

An interested Bidder who requires an explanation of the terms or requirements in the invitation to tender may address a question in writing to the Contracting Authority by the published deadline at: <http://www.enarocanje.si>.

The Contracting Authority will publish the response on the same website no later than six (6) days before the closing date for the Bid submission, provided the request is made in time.

4. SCOPE OF BID AND ALTERNATIVE BIDS

The Bid to be submitted shall refer to the entire public contract. Alternative Bids shall not be accepted. The Bidder may submit only one Bid. Should the Bidder submit more than one Bid, all of its Bids shall be disqualified.

5. BIDDING PRICE

The Bidder shall complete the form Appendix 2: Proforma Invoice, and attach the relevant price lists stipulated in Section III.

The pricing structure and conditions applicable to Bids for individual orders are detailed in the model framework agreement.

6. CALCULATION ERRORS

The bid shall be checked for calculation errors, which will be corrected in accordance with Article 74(4), of the Public Procurement in the Defence and Security Sector Act (ZJNPOV).

7. BID EVALUATION AND PROCEDURES RELATED TO VERIFICATION OF THE BIDDER'S COMPETENCE

General and specific terms and conditions to acknowledge competence, and the evidence in support thereof, are listed in Section III: Methodology for Verifying the Bidder's Competence to Perform the Public Contract.

Bidders meeting the eligibility criteria and awarded a framework agreement shall be evaluated in a second phase for each individual contract based on the criteria set out in Section IV – Negotiations and Bid Evaluation, and in accordance with the provisions of the framework agreement.

8. SUBCONTRACTORS

Subcontractor means any economic operator, either a legal entity or a natural person, who enters into a subcontract with the Contractor with whom the Contracting Authority concludes a Contract in compliance with the Public Procurement in the Defence and Security Sector Act (ZJNPOV) in order to carry out the contract provisions, supply goods, deliver services closely related to the contract performance.

For the purposes of this procurement procedure, the following are not considered subcontractors:

- economic operators or natural persons with whom the bidder has concluded a long-term cooperation agreement

The authorised maintenance organisations that will perform work on engine and components are specified in the Scope of Work (SOW).

The Bidder shall be held fully responsible to the Contracting Authority for the execution of the order subject to the procurement procedure, irrespective of the number of subcontractors engaged.

Should the Bidder perform the contract with subcontractors, the provisions of the Public Procurement in the Defence and Security Sector Act (ZJNPOV) shall apply.

9. JOINT BID

The legal document governing joint Bid submission must delineate each Bidder's specific duties and responsibilities related to the Contract performance. Irrespective of the foregoing, the Bidders shall be jointly liable to the Contracting Authority for the performance of the entire Contract. The said legal document should include the following: the names of the partners submitting the joint Bid, the name of the group leader, specification of the parts of the Contract to be performed by each group member, terms of payment (through the group leader or to each group member separately) and any other rights and liabilities that members of the group may have with regard to each other. The joint Bidding agreement must be duly dated, stamped and signed by each member of the joint Bidding group.

Should a group of Bidders submit a joint Bid, each and every Bidder must meet the conditions set out in Section III, under the sections on: Bidder's details; basic suitability and umbrella statement. Therefore, each and every Bidder of the group must submit the required documents related thereto individually.

The required financial guarantees set out in Section III shall be provided by the lead partner.

Other conditions set out in Section III under sections: Bid and Legal Document on Joint Bidding, Model Framework Agreement, Technical Specifications and Staff Capacity may be met cumulatively. All partners in the joint Bidding group shall therefore submit the documents related thereto as a group. The documents must nonetheless be signed by each partner.

10. BIDDING COSTS

All costs related to the preparation and submission of the Bid shall be covered by the Bidder.

11. ACCESS TO BIDS AND PROFESSIONAL SECRECY

The Contracting Authority shall allow access to the selected Bid upon request. The access procedure shall be conducted in compliance with Article 17(3) of the Public Procurement in the Defence and Security Sector Act (ZJNPOV). Please note that the Contracting Authority is not obliged to inform the selected Bidder thereof or invite it to participate in the procedure.

Pursuant to the Trade Secrets Act (Official Gazette of the Republic of Slovenia, No. 22/19), the Bidder shall define which parts of the Bid constitute a trade secret or represent a competitive advantage on the market, by issuing a written decision. The classification of information as a trade secret shall be at the sole discretion of the Bidder, as stipulated by the Act. This document shall clearly demonstrate that the decision was signed prior to the Bid submission closing date. Should a Bidder be invited to supplement its Bid, the decision document relating to the aforementioned information should be signed prior to the closing date for Bid supplement submission.

Irrespective of the above stipulations, the following information shall be deemed public: price per unit and the total bidding value. Should the selection process be based on the criterion of the most economically advantageous Bid, the information deemed public shall also include any information that may affect the ranking of the submitted Bids with respect to other criteria applied, provided the said information has not been deemed confidential.

III. METHODOLOGY FOR VERIFYING THE BIDDER'S CAPACITY TO PERFORM THE CONTRACT

The Bidder shall meet all the conditions specified in this section. To prove compliance with these conditions, the Bidder must provide the supporting documents as indicated for each condition listed below. Photocopies of the required documents may be submitted unless specified otherwise. The forms/statements to be submitted by the Bidder constitute part hereof. The Bidder's statements must be submitted in writing, signed by the Bidder's authorized person and stamped. The submitted documents must reflect the Bidder's most recent status.

The Contracting Authority reserves the right to inspect the original documents.

Pursuant to Paragraph 1, Article 72 of the Public Procurement in the Defence and Security Sector Act (ZJNPOV), the Contracting Authority reserves the right to verify the existence and the content of the Bid either prior to adopting the contract award decision or prior to concluding the framework agreement, at the latest. On behalf of the Contracting Authority, the existence and content of the data may also be verified by the Slovenian Military Aviation Authority.

Should the Contracting Authority establish that information included in the Bid does not exist or is untrue, the Contracting Authority will disqualify the Bidder from the public procurement procedure and will not award the public contract in question to the said Bidder or conclude the framework agreement with the said Bidder.

1. BIDDER'S DETAILS

1.1 The Bidder shall submit the information on the Bidder.

EVIDENCE – to be uploaded under the "Other Attachments" section:

- **Appendix 1** – Bidder's Details.

2. BASIC CAPACITY

2.1 The Bidder and its legal representatives, if these are legal persons, have not been convicted by a final judgement with res judicata effect of the criminal offences listed in Article 32(1) of the Public Procurement in the Defence and Security Sector Act.

SLOVENIAN BIDDERS

EVIDENCE – to be uploaded under the "Other Attachments" section:

- An extract from a relevant register, for instance, a criminal record not older than four (4) months from the Bid submission closing date, or obtained no later than 90 days after the Bid submission closing date, or, in the absence of such a register, an equivalent document issued by a competent judicial or administrative authority in the Republic of Slovenia, in another Member State or the economic operator's home country or in the country where the economic operator has its registered office, showing that there are no grounds for disqualification.

or

- **Completed, signed and stamped form Appendix 4:** Statement under Criminal and Material Liability as a declaration on oath confirming that the Bidder and its legal representatives, if these are legal persons, have not been convicted by a final judgement

of the acts defined in Article 32(1) of the Public Procurement in the Defence and Security Sector Act (ZJNPOV) (for each individual legal representative).

- **Completed and signed form Appendix 4A:** Personal Information for each legal representative specified in Appendix 4;
- **Completed, signed and stamped Appendix 4B:** Legal Entity Information.

If the Bidder intends to execute the public contract through a Subcontractor, the condition specified in this point must also be fulfilled by each Subcontractor engaged.

FOREIGN BIDDERS

EVIDENCE – to be uploaded under the “Other Attachments” section:

- An extract from a relevant register, for instance, a criminal record not older than four (4) months from the Bid submission closing date, or obtained no later than 90 days after the Bid submission closing date, or, in the absence of such a register, an equivalent document issued by a competent judicial or administrative authority in the Republic of Slovenia, in another Member State or the economic operator's home country or in the country where the economic operator has its registered office, showing that there are no grounds for disqualification. The certificate must be translated into Slovenian or English by a sworn court interpreter.

or

- **Completed, signed and stamped form Appendix 4 – Statement under Criminal and Material Liability** made as a sworn declaration to certify that the Bidder and its legal representatives, **if these are legal persons**, have not been convicted by a judgement with res judicata effect of the acts defined under Paragraph 1 of Article 32 of the Public Procurement in the Defence and Security Sector Act (ZJNPOV) (for each individual legal representative).
- **Completed and signed Appendix 4A – Declaration of No Criminal Record** (for each legal representative specified in Appendix 4, all required information must be included).
- **Completed, signed and stamped Appendix 4B – Declaration of No Criminal Record** for a legal entity.

The Bidder shall submit Declarations of No Criminal Record (Appendices 4A and 4B) made before a competent judicial or administrative authority, or a notary, or qualified professional, or trade body in the country where the Bidder has its head office. These declarations shall not be older than 30 days before the closing date for Bid submission.

If the Bidder intends to execute the public contract through a Subcontractor, the condition specified in this point must also be fulfilled by each Subcontractor engaged.

- 2.2 On the closing date for Bid submission, the Bidder has not been excluded from public procurement procedures due to being listed in the register of economic operators subject to secondary sanctions for exclusion under Article 73 of the Public Procurement in the Defence and Security Sector Act (ZJNPOV), in conjunction with Article 110 of the Public Procurement Act. Furthermore, within the three years preceding the Bid submission deadline, no competent authority of the Republic of Slovenia, another EU Member State, or a third country has established at least two violations related to remuneration for work, working time, rest periods, engagement based on civil law contracts despite the existence of elements of an employment relationship, or undeclared work, for which the Bidder has been fined by one or more final (res judicata) decisions.**

EVIDENCE – to be uploaded under the “Other Attachments” section:

- Extract from the register of final decisions on offences kept by the competent authority in the Republic of Slovenia, another Member State or a third country
- or
- **Appendix 5:** Statement under Criminal and Material Liability.

If the Bidder intends to execute the public contract through a Subcontractor, the condition specified in this point must also be fulfilled by each Subcontractor engaged.

Foreign Bidders/Subcontractors shall submit evidence from the competent authorities of the country in which they are established to demonstrate the evidence for the above. If this is not possible, the Bidder/Subcontractor shall provide its own declaration, given under criminal and material liability, to the effect that the above items are met and that such documents are not issued in the country of the Bidder.

- 2.3** In order to ensure that the procurement procedure is transparent and free from risk of corruption, the Bidder shall, in accordance with Paragraph 6, Article 14 of the Integrity and Prevention of Corruption Act (hereinafter: ZIntPK), undertake to provide the information on its founders, partners, silent partners, shareholders, limited partners or other owners, as well as information on ownership shares of the aforementioned persons and economic operators, which, in accordance with the Companies Act, are considered affiliated companies, on the provided form.

EVIDENCE – to be uploaded under the “Other Attachments” section:

- **Completed and signed form Appendix 6:** Statement on Participation of Natural and Legal Persons in the Ownership of the Bidder.

Should the Bidder intend to carry out the public contract with a Subcontractor whose share of the contract is greater than EUR 10,000 exclusive of VAT, the Subcontractor must also fulfil the condition set out in this point.

- 2.4** The Bidder shall submit a declaration and information stating that the natural person (legal representative) or business entity is not related to an official and, to the best of their knowledge, they are not related to a family member of an official in the manner set out in Article 35(1) of the Integrity and Prevention of Corruption Act (Official Gazette of the Republic of Slovenia, no. 69/11 – official consolidated text, De-Bureaucratisation Act 158/20 and 3/22, and Whistleblowers Protection Act 16/23).

EVIDENCE – to be uploaded under the “Other Attachments” section:

- **Completed and signed form Appendix 7:** Statement Concerning Restrictions of Business Activities.

If the Bidder intends to execute the public contract through a Subcontractor, the condition specified in this point must also be fulfilled by each Subcontractor engaged.

3. ECONOMIC AND FINANCIAL CAPACITY

3.1 Performance Bond

The selected Bidder shall provide the Contracting Authority with a **bank guarantee or surety insurance issued by an insurance company**, in the amount of EUR 30,000, **for the performance of obligations** under the Framework Agreement, in accordance with the model

set out in the Invitation to Tender. The performance bond shall be submitted no later than twenty (20) days following the conclusion of the Framework Agreement and shall remain valid until 31 January 2027 or until the Framework Agreement expires. The Contracting Partner shall, no later than 14 days before the expiry of the current performance bond, provide the Contracting Authority with a new or extended bank guarantee for the performance of obligations under the Framework Agreement, which must be valid until 31 January of the following year. **A valid bank guarantee is a condition for the validity of the Framework Agreement.**

The bank guarantee may be issued in accordance with the Performance Bond Form template under URDG-758 or in an alternative form containing the same provisions as the URDG-758 form (see template in Appendix 8).

3.2 Subcontractors

If the Bidder intends to perform the Contract with the involvement of a subcontractor, the Bid must include – ***uploaded under the “Other Attachments” section:***

- Completed and signed form **Appendix 9:** Subcontractor's Details and
- Completed form **Appendix 10:** Participation of Subcontractors.

Pursuant to the Public Procurement in the Defence and Security Sector Act (ZJNPOV), if the selected Bidder intends to perform the contract through one or more subcontractors, it shall enter into a subcontract with each subcontractor to be included in the contract performance prior to the date the Framework Agreement is signed or during the term of the Framework Agreement.

Please note that the obligatory components of any public Contract include the following information: the subcontractor's details (name, full address, registration number, VAT identification number and bank account), duties, values and scope of the Contract's performance to be performed by the subcontractor in question.

Should the selected Bidder decide to change the subcontractor or award a subcontract to a new subcontractor, it can do so only after it has obtained the Contracting Authority's written authorisation, for which the Bidder has submitted all of the required evidence on meeting the conditions set out in this section.

3.3 The Bidder shall confirm the Umbrella Statement.

EVIDENCE – to be uploaded under the “Other Attachments” section:

- **Appendix 3** – Umbrella Statement.

3.4 The Bidder shall complete the form Proforma Invoice, indicating the Bid prices in accordance with Section II.

EVIDENCE:

- Completed form **Appendix 2 – Proforma Invoice** for the Lot applied for, **uploaded under the “Proforma Invoice” section.**

- Required attachments, as indicated on Appendix 2 must be uploaded under the “Other Attachments” section.
- **Appendix 2: Bid – Prices (to be uploaded in the “Proforma Invoice” section; the amount must be entered in the “Total Bid Price” section).**
- Required attachments, as indicated on Appendix 2 **must be uploaded under the “Other Attachments” section.**

The “Total Bid Price” entered in the corresponding field, as well as the document uploaded as the bid estimate in the “Proforma Invoice” section, shall be visible and accessible during the public bid opening.

3.5 The Bidder shall confirm the Model Framework Agreement.

EVIDENCE:

- **Appendix 13 – Model Framework Agreement**

The Bidder may propose modifications and amendments to the Framework Agreement. If the Bidder proposes changes in relation to the penalties of the Framework Agreement and financial guarantee, it must make the request in the manner specified in Section II, Point 3 thereof.

4. TECHNICAL CONDITIONS

4.1 Maintenance shall be permitted only in organisations that:

Hold an approval certificate issued by the Slovenian Military Aviation Authority (VLO) for the maintenance of Safran Engines, Makila 1A1. If the service provider is also the OEM of the engine or any of its components, the aforementioned certificate shall not be required.

4.2 Certificates and approvals related to demonstrating compliance with the requirements of the SOW Appendix must be issued by the competent aviation authorities.

- A. In the event that the maintenance organisation is the OEM or the type certificate holder of engine, it shall submit a Certificate of Maintenance Eligibility issued by the national CAA or MAA for military equipment.**

EVIDENCE:

- A valid EASA Part 145 or FAA Part 145 civil certificate, along with a Capability List for engine and its components that holds the civil certificate.
- A valid military Approval Certificate, along with an Approved Parts List issued by a national MAA, for engine and its components that does not hold a civil certificate.

- B. If the maintenance organisation is not the OEM or the type certificate holder of the engine, it must obtain an Approval Certificate issued by the Slovenian Military Aviation Authority.**

EVIDENCE:

- Valid Approval Certificate issued by the Slovenian Military Aviation Authority.

C. In case the maintenance organisation does not hold a valid Approval Certificate issued by the Slovenian Military Aviation Authority, the Bidder must provide the following documentation:

- A valid EASA Part 145 or FAA Part 145 civil certificate, along with a Capability List for, engine and its components that holds the civil certificate.
- A valid military Approval Certificate, along with an Approved Parts List issued by a national MAA, for engine and its components that does not hold a civil certificate.
- A valid Maintenance Organisation Certificate issued by the OEM or TC holder for the engine.
- A valid AS 9100 Certificate (not a disqualifying criterion).

4.3 In the event the Bidder is not the service provider, it shall provide proof of its business relationship with the service provider.

EVIDENCE:

A valid contract between the Bidder and the service provider for the provision of the services in question.

or a letter of cooperation, must include at least the following information:

- The Bidder's details;
- The service provider's details;
- The subject of the contract/agreement;
- The date of conclusion of the contract/agreement;
- The contract/agreement validity period.

4.4 The Bidder must ensure that:

- The maintenance contractor will hold and comply with the valid approvals required by Commission Regulation (EC) No 1321/2014 dated 26 November 2014 on the continuing airworthiness of aircraft and aeronautical products, parts and appliances, and on the approval of organisations and personnel involved in these tasks (Official Journal of the European Union, L series, no. 362, dated 17 December 2014, as amended) throughout the duration of the Framework Agreement. If the work is to be performed by a subcontractor, the Bidder undertakes to carry out compliance checks to ensure that the subcontractor meets all applicable requirements.
- All work on the equipment subject to this procedure shall be performed by qualified personnel.
- Training will be conducted by duly certified educational organisations.

EVIDENCE:

- **Appendix 12** – Statement.

4.5 The Bidder shall submit details about the contractors, including:

- Location and distance from Ljubljana, Slovenia
- Capacity of the service centre
- Ability to ensure uninterrupted spare parts supply
- Technical documentation management method
- Other information relevant to the performance of the work under this procedure.

EVIDENCE:

- Relevant documents, declarations, and evidence confirming the above information.

4.6 The Bidder shall ensure that the installed Goods comply with the requirements of the Contracting Authority as set out in the Invitation to Tender, and that they are accompanied, upon delivery, by an EASA Form 1 or FAA Form 8130-3 certificate, or another document as required by the Contracting Authority (e.g., a Certificate of Conformity for aviation use of military goods), and that they comply with the applicable aviation standards and regulations in force in the Republic of Slovenia.

The Bidder shall ensure the installation of original spare parts and that all interventions on the equipment are carried out by duly qualified and authorised personnel.

EVIDENCE:

- Completed, signed and stamped form **Appendix 9** – Declaration on the Provision of Services and Spare Parts, and on the Designated Contractors.

In the event of any changes to the required certificates referred to in this Section, the selected Bidder shall inform the Contracting Authority of such changes no later than three (3) days after becoming aware thereof.

5. OTHER CONDITIONS AND EVIDENCE

5.1 The Bidder shall include in the Bid the contact details of the person responsible for the performance of each contract. – Appendix 11.

IV. NEGOTIATIONS AND BID EVALUATION

In the **first phase**, the Contracting Authority will verify the fulfilment of the basic conditions for concluding a Framework Agreement and shall conduct negotiations.

1. The Contracting Authority will examine the Bids received following their public opening. In this phase, Bidders who have submitted all the required information for evaluation shall be invited to supplement any formally incomplete Bids, provide necessary clarifications, correct any arithmetical errors, and eliminate any identified non-conformities.
2. The Contracting Authority shall coordinate with the Bidders regarding the performance and negotiate the terms of the contract. The Contracting Authority may conduct several rounds of negotiations but will announce the final round in advance.
3. The Bidders will submit their Final Bids.
4. Following the public opening of the Bid and its analysis, the Contracting Authority shall select the Bidders insofar as their Bids meet its requirements for the conclusion of the Framework Agreement.

Bidders who meet all the basic requirements and submit the requested documents, declarations, and supporting evidence will be awarded a framework agreement.

In the **second phase**, following the conclusion of the Framework Agreements, the Contracting Authority will invite all Framework Agreement contractors to submit Bids for each individual contract and will select the most advantageous contractor based on the criteria outlined below:

1. Regular Contracts

	Criterion	Max. Points
a	Total Bid value	90
b	Delivery time/implementation date*	10
T O T A L :		100

* In its Invitation, the Contracting Authority shall specify the required delivery time. Bids meeting the required delivery time shall be awarded full points for delivery time and shall be evaluated solely on the total bid value criterion. Bidders proposing a longer delivery time than that specified by the Contracting Authority shall be awarded a correspondingly lower number of points according to the formula below (the minimum delivery time is the same as the requested time).

a) TOTAL BID VALUE incl. or excl. VAT – max. points: 90**

Number of points	Criterion
0 - 90	$\frac{\text{Lowest Bid value} \times 90}{\text{Proposed Bid value}}$

b) DELIVERY TIME – max. points: 10***

Number of points	Criterion
0 - 10	$\frac{\text{Shortest delivery time} \times 10}{\text{Proposed delivery time}}$

**Depending on the Bidders, all Bids shall be considered either inclusive or exclusive of VAT.

*** Should there be items with different delivery times within a single order, the average delivery time proposed shall be used for the calculation.

2. AOG¹ and WORK STOP² Contracts

	Criterion	Max. Points
a	Total Bid value	60
b	Delivery time/implementation date*	40
T O T A L :		100

* In its Invitation, the Contracting Authority shall specify the required delivery time. Bids meeting the required delivery time shall be awarded full points for delivery time and shall be evaluated solely on the total bid value criterion. Bidders proposing a longer delivery time than that specified by the Contracting Authority shall be awarded a correspondingly lower number of points according to the formula below (the minimum delivery time is the same as the requested time).

a) TOTAL BID VALUE incl. or excl. VAT – max. points: 60**

Number of points	Criterion
0 - 60	$\frac{\text{Lowest Bid value} \times 60}{\text{Proposed Bid value}}$

b) DELIVERY TIME – max. points: 40 ***

Number of points	Criterion
0 - 40	$\frac{\text{Shortest delivery time} \times 40}{\text{Proposed delivery time}}$

** Depending on the Bidders, all Bids shall be considered either inclusive or exclusive of VAT.

*** Should there be items with different delivery times within a single order, the average delivery time proposed shall be used for the calculation.

For each contract, the Contracting Authority shall select the Bidder with the highest total score for that specific contract.

In the event that several Contractors are awarded the same number of points, the Bidder with the lower price for regular orders or the shorter delivery time for AOG and WORK STOP orders shall be selected.

By signing the Framework Agreement, the Bidder commits to providing and submitting a bid in response to each invitation from the Contracting Authority. Should the Contractor fail to submit a Bid in response to more than three invitations, the Contracting Authority shall no longer be obliged to invite them to submit further Bids.

¹ Urgent contracts required to address defects that render the aircraft or engine unairworthy.

² Urgent contracts necessary to ensure the continuation of maintenance work during a service inspection or repair conducted by the Contracting Authority.

V. DESCRIPTION OF THE SUBJECT OF THE CONTRACT AND THE CONTRACTING AUTHORITY'S ADDITIONAL REQUIREMENTS

Subject of the public contract: **ENSURING THE OPERATIONAL READINESS OF SLOVENIAN ARMED FORCES (SAF) AIRCRAFT – MAINTENANCE OF SAFRAN ENGINES, MAKILA 1A1**

The Contractor shall, either directly or through authorised service providers or subcontractors, perform servicing, maintenance, investment, and other works on Safran Engines, Makila 1A1 on aircraft of the Slovenian Armed Forces. It shall, as required, supply spare parts and other necessary materials for the Contracting Authority's own maintenance of engines and its components as well as for the training of aircraft maintenance personnel. It shall also provide all other services and goods necessary to provide the operational readiness of the engines and its components.

All works shall be performed in compliance with the Aviation Regulations (quality assurance, certificates), which apply to services (including training), goods, tools, and technical documentation. All interventions shall be recorded in the technical documentation of engines and its components in coordination with the Contracting Authority and in accordance with its instructions. Upon completion of the maintenance work, the Contractor shall issue the relevant certificate.

Maintenance of Safran Engines, Makila 1A1

- A. Maintenance and servicing of engines, components, equipment, tools shall be carried out in accordance with the requirements specified in the SOW.
- B. Supply of spare parts for in-house maintenance purposes
Spare parts, equipment and tools, shall be supplied in accordance with the engine manufacturer's technical documentation, as well as the technical documentation from the manufacturers, repairers, and distributors of the installed components, and in accordance with the SOW.
- C. Training of aircraft maintenance personnel, including:
- Engine Type Rating Training for the entry of an engine type in the EASA Part 66 AML in categories B1/C;
 - Specialist training for the maintenance of engines and their systems.

Training shall be conducted only by organisations holding a valid EASA Part 147 approval for that specific engine type. If the organisation does not hold the type certificate, it must obtain a specific approval from the Slovenian Military Aviation Authority (VLO).

Upon completion of the training, the trainees shall be issued certificates of successful completion in accordance with EASA Part-66/147.

- D. Other services:
Implementation of manufacturers' technical directives and those issued by aviation authorities (EASA, CAA). Any other services related to ensuring the operability of the engines (such as rental of components, tools, equipment, transport packaging, testing, transport, freight forwarding, insurance, etc.) shall be provided as required and agreed upon with the Contracting Authority.

For evidence of eligibility, the Bidder shall attach the following to **Appendix 2: Proforma Invoice** (including those for subcontractors and contractors, if applicable):

- Evidence of its capability to perform maintenance of the subject of the contract
- Evidence of its capability to provide training related to the maintenance of the subject of the contract
- Applicable price list per hour of maintenance (including hourly rates based on the maintenance contractor's profile – e.g., technician, engineer, etc.).
- A valid manufacturer's price list for original spare parts (new, reconditioned, etc.).
- Any other price lists relevant to the performance of the work subject to this procedure.

Works and training are typically conducted abroad, at the Contractor's location. If the performance of such works is required in the Republic of Slovenia, their scope and price shall be subject to prior agreement between the Contracting Authority and the Contractor.

The required warranty period for the services performed and for any spare parts installed or supplied is a minimum of 12 months.

The Contractor shall submit all necessary documents demonstrating their ability to perform the services under this Framework Agreement, such as valid evidence of business cooperation with equipment manufacturers, suppliers, and certificates, to the Contracting Authority in a timely manner and before the expiration of the validity period.

If the Bidder subcontracts any part of the Bid, the subcontractors and maintenance organisations performing the contracted work must also meet the above requirements. The Contractor shall be responsible for ensuring that the subcontractor complies with the requirements.

The details of the services to be provided are outlined in the Model Framework Agreement.

APPENDIX 2: Proforma Invoice; Maintenance of Safran Engines, Makila 1A1

Bid no.: _____, date _____.

LOT	DESCRIPTION OF WORKS	QUANTITY	INDICATIVE VALUE
1	Maintenance of Safran Engines, Makila 1A1	on a per-contract basis	per individual bid, or with a total indicative value of EUR 5,245,901.64 exclusive VAT or EUR 6,400,000.00 inclusive VAT (including 30% increase EUR 6,819,672.13 EUR excl. VAT or. EUR 8,320,000.00 incl. VAT) for 48-month period, with the possibility of extension for up to an additional 36 months (for a total duration of no more than 84 months)

PLACE OF SERVICE: Contractor's location, or as otherwise agreed with the Contracting Authority on a case-by-case basis for each contract.

PAYMENT PERIOD: No later than 30 days the payment period commences on the day following the official receipt of the invoice at the Contracting Authority's address.

IMPLEMENTATION DATE: To be determined on a case-by-case basis for each contract.

DELIVERY TERMS (INCOTERMS 2020): The price shall include FCA (INCOTERMS 2020) delivery terms at the Contractor's location for the material to be installed in/on engines at the Contractor's site. For goods to be collected from the Contracting Authority for repair and returned to the Contracting Authority's location once repaired, the delivery terms shall be DDP (Incoterms 2020), insured and unloaded at the Contracting Authority's location, or as otherwise agreed on a case-by-case basis for each order.

WARRANTY: Each maintenance order and each spare part installed or supplied is covered by a warranty of (at least 12) months.

For evidence of eligibility the Bidder (including subcontractors and contractors) shall provide:

- Evidence in accordance with Section III, point 4 of the Invitation to Tender and the SOW;
- Evidence demonstrating the Bidder's capability to perform maintenance activities related to the subject matter of the contract.
- Evidence demonstrating the Bidder's capability to provide training related to the maintenance of the subject matter of the contract.
- A valid price list for services rendered per hour (hourly rates based on the profile of the maintenance provider—technician, engineer, etc.);
- A valid manufacturer's price list for original spare parts (new, reconditioned, etc.) and consumables, including delivery times, NSN numbers, and any discounts, with an indication of whether these discounts are included in the price. The price list shall be as complete as possible and provided

on an appropriate electronic medium in a format with a search function for individual part prices. If an online price list exists, the Bidder shall provide access to it and describe how to access it.

- Any other price lists relevant to the performance of the work subject to this procedure.

Bid validity: 120 days from the final date for Bid submission.

APPENDIX 3

U M B R E L L A S T A T E M E N T

We hereby confirm that:

- We are cognisant of the content of the Invitation to Tender for this Contract and the general terms and conditions of the Contract, and we herewith express our full agreement therewith. We also declare that we are cognisant of the instructions for bid preparation and we herewith agree with the said instructions and declare that our Bid has been prepared and submitted in accordance with the requirements listed in the said instructions.
- We have at our disposal sufficient technical capabilities (technical equipment, storage facilities, service network, quality control measures) to ensure that the subject of the Contract is performed in a high-quality way.
- All of the information in our Bid is true and is not misleading. We have been informed that the Contracting Authority is entitled to disqualify our bid if the information in the Bidding documentation proves to be misleading.

We hereby declare that:

- We are aware that the Contracting Authority has published this contract award procedure on the Public Procurement Portal.
- In preparing our Bid, we have been obliged to take into account and have in fact taken into account the questions and answers, as well as the notices and other communications, that have been published on the Public Procurement Portal in relation to this public contract award procedure.
- We have not changed the provisions of the Invitation to Tender published on the Public Procurement Portal in relation to this public contract award procedure.
- All copies of documents enclosed in our Bid correspond to the originals.
- Neither the applicable law nor any other regulation precludes us from concluding a Contract for the services and/or goods subject to this public procurement procedure.
- We are registered to perform the activity that is the subject of the public contract in question.
- We have not ceased to perform the activity that is the subject of the public contract in question.
- We have not been convicted by a judgement with res judicata effect concerning our professional competence in performing activities related to the services subject to the public contract in question.
- We have adopted a statement on safety, in accordance with the Occupational Health and Safety Act.
- In preparing our Bid, we have taken account of the applicable legislation related to professional secrecy.
- We agree that, in line with Article 72 of the Public Procurement in the Defence and Security Sector Act (ZJNPOV), the Contracting Authority is entitled to verify the Bid submitted in this contract award procedure by acquiring the information specified under Article 31(15) of the Public Procurement in the Defence and Security Sector Act (ZJNPOV) from the central information system – e-Dosje.

APPENDIX 6

Bidder's letterhead

For the purpose defined under Article 14(6) of the Integrity and Prevention of Corruption Act (Official Gazette of the Republic of Slovenia, no. 69/11 – official consolidated text, De-Bureaucratisation Act 158/20 and 3/22, and Whistleblowers Protection Act 16/23 (ZZPri); hereinafter: ZIntPK), i.e., in order to ensure transparency of business and to prevent the risk of corruption when concluding a legal transaction, as the Bidder's legal representative in the procurement procedure I hereby submit the following

STATEMENT ON PARTICIPATION OF NATURAL AND LEGAL PERSONS IN THE OWNERSHIP OF THE BIDDER

Bidder's details (legal person, proprietor, association or other legal subject participating in the public procurement procedure):

Bidder's company: _____
Bidder's head office (full address): _____
Bidder's registration number or tax number for other natural and legal persons – bidders who are not registered in the business register: _____
The Bidder is the operator of a dormant partnership (please mark): ☐ YES ☐ NO

Bidder's ownership structure:

1.1. Details of the participation of natural persons in the bidder's ownership, including silent partners:

Natural person no. 1:
Name of legal person: _____
Place of residence – permanent, unless the natural person has a temporary place of residence in the Republic of Slovenia (full address): _____
Share of Bidder's ownership: _____
Silent partner (please mark): ☐ YES ☐ NO
If YES, then please list the operator of the silent company: _____

Natural person no. 2:
Name of legal person: _____
Place of residence – permanent, unless the natural person has a temporary place of residence in the Republic of Slovenia (full address): _____
Share of Bidder's ownership: _____
Silent partner (please mark): ☐ YES ☐ NO
If YES, then please list the operator of the silent company: _____

(Continue the list in the required order, if necessary.)

1.2. Details of the participation of legal entities in the Bidder's ownership, including an indication of whether the legal entity is a silent partner:

Name of legal person: _____
Head office of legal person: _____
Share of Bidder's ownership: _____
Bidder's registration number or tax number for other legal persons who are not registered in the business register: _____
The legal person is also the operator of a silent company (please mark): ☐ YES ☐ NO

The legal person is owned by the following natural persons:

Name of legal person: _____
Place of residence – permanent, unless the natural person has a temporary place of residence in the Republic of Slovenia (full address): _____
Share of Bidder's ownership: _____
Silent partner (please mark): ☐ YES ☐ NO
If YES, then please list the operator of the silent company: _____

(Continue the list in the required order, if necessary.)

1.3. Details of the participation of companies in the Bidder's ownership that, in accordance with provisions of the Companies Act, are considered affiliated companies:

Name of legal person: _____
Head office of legal person: _____
Bidder's registration number or tax number for other legal persons who are not registered in the business register: _____

is in a mutual relationship, in accordance with Article 527 of the Companies Act, with the legal person:

Name of legal person: _____
Head office of legal person: _____
Bidder's registration number or tax number for other legal persons who are not registered in the business register: _____
connected as _____

(Continue the list in the required order, if necessary.)

I hereby declare that I have listed all natural persons – participants in the Bidder's ownership that:

- directly or indirectly own more than 5% of shares or have more than a 5% share in founder's rights, management or legal person equity, or have a dominant position in managing the legal person's assets; and
- indirectly provide or ensure assets for the legal person and thus have an option to control, steer or otherwise significantly influence the decisions of the

management or other management body of the legal person regarding financing and operations.

By signing this statement, I guarantee that, in the entire ownership structure, there are no other natural or legal persons or silent partners or economic operators that are, in accordance with the provisions of the Companies Act, considered affiliated companies.

By signing this statement, I guarantee that the information listed in the aforementioned Statement is accurate and true, and that I am familiar with the fact that, in the case of a false statement or untrue information, the contract shall be considered void. I hereby undertake to notify the Contracting Authority in the case of any change of the submitted data.

APPENDIX 10

PARTICIPATION OF SUBCONTRACTORS

For the purposes of the public procurement procedure _____, we hereby declare that we SHALL be performing the contract with the involvement of a subcontractor, and hereby provide the indicative value of their share in the contract:

In Bid _____, the subcontractor _____ (name) is included in the total Bid value in the indicative amount of EUR _____ excluding VAT, or EUR _____ including VAT, which represents approximately _____ % of the total Bid value. The aforementioned subcontractor shall perform the following part of the contract: _____ (specify the portion of the works/services to be subcontracted).

In Bid _____, the subcontractor _____ (name) is included in the total Bid value in the indicative amount of EUR _____ excluding VAT, or EUR _____ including VAT, which represents approximately _____ % of the total Bid value. The aforementioned subcontractor shall perform the following part of the contract: _____ (specify the portion of the works/services to be subcontracted).

In Bid _____, the subcontractor _____ (name) is included in the total Bid value in the indicative amount of EUR _____ excluding VAT, or EUR _____ including VAT, which represents approximately _____ % of the total Bid value. The aforementioned subcontractor shall perform the following part of the contract: _____ (specify the portion of the works/services to be subcontracted).

We hereby declare that we shall enter into subcontracts with the aforementioned subcontractors, through which we intend to perform the contract, prior to entering into the Contract with the Contracting Authority or during the performance of the Contract.

These indicative values are not binding and are subject to adjustment to actual needs.

We hereby undertake to obtain the Contracting Authority's written authorisation prior to replacing a subcontractor.

STATEMENT

We hereby declare that:

- We shall hold valid approvals and comply with the requirements set out in Commission Regulation (EC) No 1321/2014 of 26 November 2014 on the continuing airworthiness of aircraft and aeronautical products, parts and appliances, and on the approval of organisations and personnel involved in these tasks (Official Journal of the European Union, L series, no. 362, dated 17 December 2014, as amended) throughout the entire duration of the Framework Agreement. In the event that a subcontractor is engaged, the Bidder undertakes to verify the subcontractor's compliance with all applicable requirements.
- We shall hold a valid Certificate of Suitability issued by the Slovenian Military Aviation Authority (VLO) throughout the duration of the Framework Agreement.
- All work on the equipment subject to this procedure shall be performed by qualified personnel.
- Training will be conducted by duly certified educational organisations.

FRAMEWORK AGREEMENT _____

General Provision

Article 1 Maintenance of Safran Engines, Makila 1A1

The Parties to the Framework Agreement hereby acknowledge that, under the negotiated procedure with a prior publication notice, the Contracting Authority has carried out the public procurement procedure MORS441/2025-ON-PSPs for Ensuring the Operational Readiness of SAF Aircraft – maintenance of Safran Engines, Makila 1A1, pursuant to Article 22 of the Public Procurement in the Defence and Security Sector Act (The Official Gazette of the Republic of

Slovenia nos. 90/12, 90/14-ZDU1I, 52/16, and 122/23, hereinafter: ZJNPOV) and in accordance with the Invitation to Tender No. 430-50/2025-___ dated _____.

The Contracting Partner has been selected based on Contract Award Decision No. 430-441/2025-___ dated _____, which took effect on _____. / The standstill period is waived in accordance with Article 76 of the ZJNPOV.

The Invitation to Tender, bidding documentation and Scope of Work (SOW) are appended hereto and form an integral part of this Agreement.

The Subject of the Framework Agreement

Article 2

The Contracting Partner shall provide maintenance services, spare parts, training of aircraft maintenance personnel, and other services (hereinafter: services) necessary to ensure the operational readiness of the Slovenian Armed Forces (SAF) aircraft- Maintenance of Safran Engines, Makila 1A1 in accordance with the requirements of the Contracting Authority set out in the Invitation to Tender No. MORS 366/2025 – ON – PSPs and in the Bidding Documentation No. _____. The Invitation to Tender, including its Appendix Scope of Work (hereinafter: SOW) and the bidding documentation are appended hereto to and form an integral part of this Framework Agreement (hereinafter: Agreement).

Maintenance of Safran Engines, Makila 1A1

- A. Maintenance and servicing of engines, components, equipment, tools shall be carried out in accordance with the requirements specified in the SOW.
- B. Supply of spare parts for in-house maintenance purposes
Spare parts shall be supplied in accordance with the engine manufacturer's technical documentation, as well as the technical documentation from the manufacturers, repairers, and distributors of the installed components, and in accordance with the SOW.
- C. Training of aircraft maintenance personnel, including:
- Engine Type Rating Training for the entry of an engine type in the EASA Part 66 AML in categories B1/C;
 - Specialist training for the maintenance of engines and their systems.

Training shall be conducted only by organisations holding a valid EASA Part 147 approval for that specific engine type. If the organisation does not hold the type certificate, it must obtain a specific approval from the Slovenian Military Aviation Authority (VLO).

Upon completion of the training, the trainees shall be issued certificates of successful completion in accordance with EASA Part-66/147.

- D. Other services:
Implementation of manufacturers' technical directives and those issued by aviation authorities (EASA, CAA). Any other services related to ensuring the operability of the engines (such as rental of components, tools, equipment, transport packaging, testing, transport, freight forwarding, insurance, etc.) shall be provided as required and agreed upon with the Contracting Authority.

All works shall be performed in compliance with the Aviation Regulations (quality assurance, certificates), which apply to services (including training), goods, tools, and technical documentation. All interventions shall be recorded in the technical documentation of the engines and its components in coordination with the Contracting Authority and in accordance with its instructions. Upon completion of the maintenance work, the Contractor shall issue the relevant certificate.

The Contracting Partner undertakes to arrange the provision of the subject of the Framework Agreement outside the territory of the Republic of Slovenia in agreement with the Contracting Authority on a case-by-case basis.

Should the Contractor perform the service through subcontractors, a detailed description of subcontracted services will be included in Article "Subcontractors" hereof.

Value of the Framework Agreement

Article 3

As the Contracting Authority shall issue individual service orders, the value of this Agreement shall be set on an indicative basis for a period of 48 months, with the possibility of extension for up to an additional 36 months (for a total duration of no more than 84 months):

Lot No.	Lot Title	Indicative Value in EUR, excl. VAT	Indicative Value in EUR, incl. VAT
1	Maintenance of Safran Engines, Makila 1A1	5,245,901.64	6,400,000.00

The Contracting Authority reserves the right to increase the value of the Framework Agreement, pursuant to Article 79a of ZJNPOV, actual needs and financial capacity, up to a maximum of 30 % of the Framework Agreement value.

The estimated total value of the Framework Agreement (public contract) including the 30 % increase is:

Lot No.	Lot Title	Indicative Value increased by 30% in EUR excl. DDV	Indicative Value increased by 30% in EUR incl. DDV
1	Maintenance of Safran Engines, Makila 1A1	6.819.672,13	8.320.000,00

The above value is indicative and non-binding on the Contracting Authority, and shall be adjusted in line with its actual needs and financial capacity.

The Contracting Authority shall not be liable in damages or in any way whatsoever for any failure to achieve the indicative value of the Agreement.

Place of Service or Delivery

Article 4

The location for the performance of maintenance works is expected to be the maintenance contractor's workshop or shall be determined on a case-by-case basis for each specific order. The Contracting Partner shall collect the assets for repair from the Contracting Authority and deliver them back to the Contracting Authority.

The place of delivery or acceptance of the Goods and Services shall be the Contracting Authority's premises: Ministry of Defence of the Republic of Slovenia, Jernej Molan Barracks, Warehouse of the 153rd Aircraft Maintenance Squadron, Cerklje ob Krki 4a, 8263 Cerklje ob Krki, Slovenia, on a working day between 08:00 and 14:00. The Contracting Authority shall specify the place and name of the unit for which the repairs are being commissioned on the Invitation. The Contracting Partner shall be responsible for the transport of the goods, which will be collected from the Contracting Authority for repair and returned to the Contracting Authority's location once repaired. The Contracting Partner shall also bear any costs incurred in repairing any damage that may occur during the transport of the goods.

The training location is expected to be at the training provider's site or determined on a case-by-case basis for each order. The date and timeframe for each training session shall be agreed upon with the Contracting Authority on a case-by-case basis.

Notwithstanding the provisions of paragraphs 1 to 3 of this Article, the Contracting Authority and the Contracting Partner may agree otherwise on a case-by-case basis.

Performance and Delivery Deadlines

Article 5

The Contracting Partner undertakes to carry out the service within the time limits to be specified in the Bid for each order and as agreed with the Contracting Authority. AOG orders shall be executed, as a rule, within three (3) working days from the date of the order or as agreed with the Contracting Authority. WORK STOP orders shall be executed, as a rule, within seven (7) working days from the date of the order or as agreed with the Contracting Authority.

Should the Contracting Partner require an End User Certificate (EUC) or any other permit necessary for the supply or import of goods, they shall request it from the Framework Agreement Administrator. The Contracting Authority shall provide the certificate and forward it to the Contracting Partner within three working days, as a rule. The time necessary for signing the certificate shall be included in the delivery period.

Bid and Prices for Individual Contracts

Article 6

The Bid for each order shall be established on the basis of the price lists attached to this Agreement. The Bid shall specify all its elements in detail in a way that allows a comparison of the prices set out in the Bid with the prices stipulated in this Agreement. The Contracting Partner shall provide additional definitions, documents, and clarifications at the request of the Contracting Authority.

Bid validity must be specified and shall not be less than 30 days.

For each order, the Contracting Authority shall confirm the price and delivery time set out in the Bid prior to the commencement of the work. In the event of additional works, any changes to prices and delivery or completion times are subject to the prior approval of the Contracting Authority.

The Contracting Authority may negotiate improved terms and conditions for a particular contract and Bid.

Pricing and quotation:

- The price for each order shall be specified in the respective Bid, with all individual costs detailed. The prices shall be inclusive of all costs, including discounts, margins, duties and other dependent costs (customs, transport, freight forwarding, insurances with the stated sum insured, Intrastat, etc.) – covering all costs that the Contracting Authority is obligated to pay to the Contracting Partner. The Contracting Authority shall not acknowledge any subsequent costs, except in exceptional cases, which must be reported promptly and require prior approval from the Contracting Authority
- All prices shall be quoted in EUR, per unit, exclusive of VAT, rounded to at least two decimal places. Otherwise, the Contracting Authority will round the price offered to two decimal places following the basic rules of rounding. VAT in EUR shall be calculated and paid in accordance with the legislation in force in the Republic of Slovenia.
- Foreign Contractors from within the EU shall quote all prices without VAT – VAT shall be calculated and paid by the Contracting Authority after the delivery of the service or goods within the EU.
- Should the Contracting Partner fail to write the price under an item, the item in question will be deemed not to have been offered. Should the Bidder enter a price of zero (0.00 EUR), or indicate any symbol (/, –, etc.) instead of a price for an individual item, it shall be deemed that the item is offered free of charge. In such case, the Contracting Authority reserves the right to request confirmation from the Bidder.
- The prices shall be calculated for a payment period of 30 days from the official receipt of the e-invoice, taking into account that the deadline for payment will begin on the first day following the receipt of the document. The prices offered must be valid for the duration of the validity of the Bid.
- The price shall include FCA (INCOTERMS 2020) delivery terms at the maintenance contractor's location for the material to be installed in/on the engine at the maintenance contractor's site. For goods to be collected from the Contracting Authority for repair and returned to the Contracting Authority's location once repaired, the delivery terms shall be DDP (Incoterms 2020), insured and unloaded at the Contracting Authority's location, or as otherwise agreed on a case-by-case basis for each order.
- The price shall also cover the packaging, which shall fully protect the delivered goods from mechanical, chemical and other damage during transport.
- For all overhaul and repair bids, the average cost of the overhaul or repair must be specified, including detailed information on the materials and labour hours involved, in relation to the description of the defect or the requirements outlined in the invitation.
- For each overhaul or repair, the bid must also include an indicative price for the new part or assembly.
- Additional works and any delivery or performance period extension must be agreed upon in advance and approved by the Contracting Authority. Any approval of additional works shall require the submission of a detailed technical report and a duly completed ROS

(Repair Order Sheet). A list of approved Repair Order Sheets shall be attached to the invoice.

- The Contracting Partner's Bid, ROS, and invoice shall be accompanied by the bid or invoice of the maintenance contractor or spare parts supplier, specifying the unit price of the goods and services, the total value of the goods and services, and all applicable terms and conditions of sale provided by the contractor or supplier.
- The Bid contents may not be modified.

Should the Contractor be a legal entity located outside the European Monetary Union (hereinafter: EMU), reference exchange rates shall be used for value calculations.

- The conversion of bid values into EUR, CHF, or USD shall be based on the reference rate of the European Central Bank (hereinafter: ECB) on the bid submission date.
- For the conversion of bid values for additional work, the ECB reference rate on the date the Purchase Order is issued shall be used.
- For the conversion of the invoice value issued to the Contracting Authority in a foreign currency, the ECB reference rate on the payment date shall be used (if the invoice is not issued in EUR).

Article 7

The prices stated in individual bids shall reflect the prices agreed under this Framework Agreement for spare parts, services, and other items, and shall not exceed the agreed amounts. The Contracting Authority may negotiate better terms and conditions for a particular bid, including with maintenance service providers and suppliers, while respecting the principle of equal treatment of all Bidders.

Should the Contracting Authority obtain the same goods (original spare parts) or services from an authorised maintenance contractor at a significantly lower price than the price agreed upon herein, the Contracting Authority may order them elsewhere.

For the purpose of servicing the engines and its components, the Contracting Partner and the Contracting Authority may agree that the maintenance service provider shall obtain the necessary spare parts and consumables directly from the Contracting Authority, provided that such items are in stock and the Contracting Authority consents to their release.

Article 8

In cases where the components can no longer be repaired due to obsolescence or outdated condition, or where the cost of repair outweighs the benefit to the Contracting Authority (e.g., in the case of economically unjustifiable repair or overhaul exceeding 70% of the cost of a new part), or where the original parts are no longer deliverable, the Parties to the Framework Agreement may also agree on an alternative solution acceptable to the Contracting Authority in terms of functionality and implementation costs. The Contracting Partner shall notify the Contracting Authority of such circumstances prior to delivery or performance, or following the defect analysis. Based on the notification received, the Contracting Authority shall decide whether to cancel the repair or to propose an alternative method for fulfilling the specific order.

Article 9

Pursuant to Council Regulation (EC) No. 150/2003 dated 21 January 2003 (hereinafter: the Regulation), the Contracting Authority shall have no obligation to pay import or customs duties for

the procurement of certain weapons and military equipment imported by the authorities responsible for the military defence of Member States, or imported on behalf thereof from a third country, i.e., a country outside the EU. This Regulation shall apply in cases where goods are imported from third countries on behalf of the Contracting Authority.

If goods subject to the aforementioned Regulation are being imported, the Contracting Partner shall provide the Framework Agreement Administrator with all necessary information on the Certificate from the Competent Authority form, enabling it to submit an application for exemption from import duties. Based on a form signed by the Contracting Authority, the Contracting Partner shall submit an application for exemption from import duties to the Financial Administration of the Republic of Slovenia.

Price Lists

Article 10

Hardcopy Price Lists

The prices for goods and services listed in the price lists are fixed for a period of at least 12 months from the signing of the Framework Agreement. After this period has expired, but at least 14 days before any price changes, the Contracting Partner may submit a new price list with an indication of its validity to the Contracting Authority. The Contracting Authority reserves the right to negotiate new prices. If the Contracting Authority agrees to the price change, an annex to the contract shall be concluded. The new price lists may be applied from the date of approval by the Contracting Authority. During the term of the Framework Agreement, prices may be adjusted no more than once a year, in accordance with the manufacturer's or service provider's business policy and with the Contracting Authority's agreement.

Online Price Lists (if available or in the future)

Prices for goods and services are specified in the online price list, to which the Contracting Authority must be granted access. For each contract, the prices on the bid submission date apply. In the event that the Contracting Authority requires confirmation of the online price for a specific date due to audits of individual contracts, and to the extent technically feasible, the Contracting Partner shall provide the Contracting Authority with access to the online price list information for past contracts during the term of the Framework Agreement and for a further period of 18 months thereafter.

The applicable price lists of the Contractor's services are appended hereto to and form an integral part of this Framework Agreement. VAT shall be calculated and paid in accordance with the applicable legislation in the Republic of Slovenia.

Modalities for Executing Individual Contracts and Special Requirements of the Contracting Authority

Article 11

For each contract, the Contracting Authority shall invite all Contracting Partners to submit their bids. The bids shall be evaluated and the most advantageous one selected as follows:

- Based on the Contracting Authority's standing orders via the INVITATION to Submit a Bid form, the Contracting Partner shall obtain and submit the most advantageous Bid, taking into account the conditions and prices set out in the Framework Agreement.
- In the Invitation, the Contracting Authority shall specify the method and the deadline for bid submission. The Contracting Partners shall submit their bids within the following

deadlines: normally within seven (7) working days for standard contracts, three (3) working days for WORK STOP contracts, and 24 hours for AOG orders.

- The Bid shall include a detailed specification of what is included, such as the scope of work, required labour hours, spare parts, and consumables, along with their respective unit and total quantities and prices, as well as parts catalogue numbers. All main and dependent costs (customs, transport, freight forwarding, insurance, etc.) must be specified.
- The Contracting Authority shall evaluate the Bids based on the criteria set out in this Framework Agreement and select the most advantageous one, provided the Bids are adequate. If not, it may request amendments or, if necessary, negotiate with Bidders to improve the terms, while ensuring the principle of equal treatment for all Bidders. The Contracting Authority may also choose not to award the contract. The Contracting Partners will receive the REPORT, the ANALYSIS, and the SELECTION DECISION. The most advantageous Bidder will be awarded the service through an ORDER FORM.
- If, due to objective circumstances, the selected Contracting Partner for a particular contract is unable to maintain the same conditions for the contract's performance as outlined in its Bid during the execution phase, it must immediately inform the Contracting Authority. The Contracting Authority may then authorise the Contracting Partner to proceed with the execution of the contract under the changed circumstances. Under no circumstances may the Contracting Partner proceed with the performance of the contract without the authorisation of the Contracting Authority.
- Based on the successful Bid, the Contracting Partner shall provide the services specified in the individual Bid that led to its selection for the Contract. The receipt or delivery of goods following the performance of the services shall be announced via email with a subject line: NOTIFICATION OF DELIVERY/CONSIGNMENT FOR COLLECTION.
- The performance of the service must comply with the requirements of the Contracting Authority, applicable aircraft maintenance standards, and the manufacturer's standards, and it shall be certified by the required documents, which may be in Slovenian or English.
- The acceptance of the service shall be confirmed by a QUANTITY AND QUALITY ACCEPTANCE RECORD along with other necessary documents (delivery note, certificates, etc.).

The listed forms are attached as appendices to the Framework Agreement.

All communications shall generally take place in Slovenian or English.

Individual orders must not be executed successively unless specifically agreed upon with the Contracting Authority.

Evaluation criteria:

1. Regular Contracts

	Criterion	Max. Points
a	Total Bid value	90
b	Delivery time/implementation date*	10
T O T A L :		100

* In its Invitation, the Contracting Authority shall specify the required delivery time. Bids meeting the required delivery time shall be awarded full points for delivery time and shall be evaluated solely on the total bid value criterion. Bidders proposing a longer delivery time than that specified by the Contracting Authority shall be

awarded a correspondingly lower number of points according to the formula below (the minimum delivery time is the same as the requested time).

a) TOTAL BID VALUE incl. or excl. VAT – max. points: 90**

Number of points	Criterion
0 - 90	$\frac{\text{Lowest Bid value} \times 90}{\text{Proposed Bid value}}$

** Depending on the Bidders, all Bids shall be considered either inclusive or exclusive of VAT.

b) DELIVERY TIME – max. points: 10***

Number of points	Criterion
0 - 10	$\frac{\text{Shortest delivery time} \times 10}{\text{Proposed delivery time}}$

*** Should there be items with different delivery times within a single order, the average delivery time proposed shall be used for the calculation.

2. AOG and WORK STOP Orders

	Criterion	Max. Points
a	Total Bid value	60
b	Delivery time/implementation date*	40
T O T A L :		100

* In its Invitation, the Contracting Authority shall specify the required delivery time. Bids meeting the required delivery time shall be awarded full points for delivery time and shall be evaluated solely on the total bid value criterion. Bidders proposing a longer delivery time than that specified by the Contracting Authority shall be awarded a correspondingly lower number of points according to the formula below (the minimum delivery time is the same as the requested time).

a) TOTAL BID VALUE incl. or excl. VAT – max. points: 60**

Number of points	Criterion
0 - 60	$\frac{\text{Lowest Bid value} \times 60}{\text{Proposed Bid value}}$

** Depending on the Bidders, all Bids shall be considered either inclusive or exclusive of VAT.

b) DELIVERY TIME – max. points: 40 ***

Number of points	Criterion
0 - 40	$\frac{\text{Shortest delivery time} \times 40}{\text{Proposed delivery time}}$

*** Should there be items with different delivery times within a single order, the average delivery time proposed shall be used for the calculation.

In the event that several Contractors are awarded the same number of points, the Bidder with the lower price for regular orders or the shorter delivery time for AOG and WORK STOP orders shall be selected.

The type of transport shall be agreed upon by the Contracting Parties prior to the execution of the contractual work, based on the urgency of the specific order. In its Invitation to Submit a Bid, the Contracting Authority shall indicate the urgency of the order/type of transport. The Contractor

shall insure the Goods taken over for maintenance at their market value, or as otherwise agreed with the Contracting Authority.

Quality of Service Performance and Materials Used

Article 12

The quality of the supplied and installed goods shall conform to the standards and requirements of the Contracting Authority as set out in the attached Statement of Work (SOW).

Article 13

The Contracting Partner undertakes to perform the work in a professional and high-quality manner, in accordance with the requirements of the Contracting Authority or the manufacturer of the subject of this Agreement, and in compliance with applicable technical requirements, regulations, relevant aviation standards, and using materials of appropriate quality. It will do the same for its subcontractors and maintenance organisations that will provide the services hereunder.

The Contracting Partner undertakes that the work will, as a rule, be carried out by the Contractors indicated in each Bid. The Contracting Partner may engage another Contractor only with the prior written consent of the Contracting Authority and provided that the Contractor meets the prescribed requirements.

The Contracting Partner undertakes to verify the validity of the approvals for the Contractor, required by Commission Regulation (EU) No. 1321/2014 of 26 November 2014 on the continuing airworthiness of aircraft and aeronautical products, parts and appliances, and on the approval of organisations and personnel involved in these tasks (Official Journal of the European Union, L series, no. 362, dated 17 December 2014) and to ensure the Subcontractor's compliance with these provisions throughout the duration of the Framework Agreement.

Article 14

The conformity of the goods must be demonstrated by a declaration of conformity, referencing the laws, technical regulations, and standards applicable in the Republic of Slovenia, or by referencing European standards and directives, or in accordance with the SOW.

As evidence of the quality of the Goods or the performance of the Works, the Contracting Partner shall provide the Contracting Authority with the following upon delivery and acceptance of the Goods (depending on the specifics of the contract):

- Catalogue numbers of the delivered/installed Goods
- A warranty statement or a signed and certified manufacturer's warranty card (for parts and assemblies covered by the warranty)
- EASA FORM ONE, FAA 8310-3, or other documentation as required by the Contracting Authority, such as a Certificate of Conformity (CoC) for military goods
- For overhaul or repair work, a technical report detailing the work performed and specifying the instructions or standards followed must be provided with each overhaul or repair. This report must accompany the return of the component, assembly, or other aeronautical technical asset
- Technical documentation for goods as required by the manufacturer; documentation is not required for consumables such as gaskets, bolts/screws, washers, nuts, pins, tubing, etc.

- An operating and maintenance manual, if required; or
- Any other documentation as required by the specific contract and the Contracting Authority.

Contracting Authority's Obligations

Article 15

The Contracting Authority shall indicate in each order:

- The exact specification of the service.
- The quantity of the goods to be delivered or services to be performed.
- The deadline and place of performance of the service or delivery of goods.
- Any other information relevant to the execution of the service or delivery of goods.

The Contracting Authority shall carefully examine each bid and, if necessary, request the Contractor to complete it. Contracts resulting from an accepted Bid are binding only if submitted in writing. All oral agreements must also be confirmed in writing. The contract must be confirmed by the Contracting Authority's authorised person.

Obligations of the Contracting Partner

Article 16

The Contracting Partner undertakes:

- That no contract shall be executed without the knowledge and approval of the Contracting Authority.
- To secure and submit the most advantageous quotation in response to each request from the Contracting Authority. Should the Contracting Partner fail to submit a Bid in response to more than three invitations, the Contracting Authority shall no longer be obliged to invite them to submit further Bids.
- To ensure that the Contract Works are carried out with care and quality, in compliance with regulations and relevant standards, and within the time limits specified in the Bid for each order.
- To be present during the execution of the contracted works, whether domestically or abroad, in agreement with the Contracting Authority.
- To notify the Contracting Authority in writing of any changes related to the performance of the works under this Framework Agreement immediately or, at the latest, two weeks before the change occurs.
- To provide reports on the implementation of the Framework Agreement upon request by the Contracting Authority. Each report shall include details of each contract carried out: the subject of the contract, the total Bid value, the number, date, and value of the invoice.

Article 17

In the event that, during the performance of the contractual services, it appears that the Contracting Partner or the Contractor providing services to the Contracting Partner is not complying with the terms of the Framework Agreement or is not performing the services as a diligent operator, the Contracting Authority shall inform the Contracting Partner accordingly. If, within 7 days from the date of notification, the Contracting Partner fails to adapt the work to the Contracting Authority's requirements and the provisions of the Framework Agreement, the Contracting Authority may terminate the Framework Agreement immediately after the expiry of this period and claim compensation for damages.

Article 18

The Contracting Partner shall inform the Contracting Authority of any deficiencies in its order and of any other circumstances relevant to the performance of the contracted service or its timely performance, failing which the Contracting Partner shall be liable to the Contracting Authority for damages.

Delivery and Quality and Quantity Acceptance

Article 19

The Contracting Partner shall notify the Contracting Authority of the delivery of goods at least two (2) business days in advance. In the case of AOG orders, the notification shall be made immediately upon dispatch of the goods. For this purpose, the Contracting Partner shall send a completed NOTIFICATION ON DELIVERY/CONSIGNMENT PREPARED FOR ACCEPTANCE form **by e-mail to 153_skladisce@mors.si**.

Engine Handover and Acceptance

The handover and acceptance shall be carried out in accordance with the procedures set out in the SOW.

The Contractor shall notify the Contracting Authority of the anticipated completion of the services on the engine no later than one week before the completion date, by email to olrt@mors.si.

Acceptance of Engine and Component Maintenance Services

The date of acceptance shall be the date on which the Record of Inspection of the Asset following the completion of the work (Quantity and Quality Acceptance Record), is signed, confirming the work has been completed in full and meets the required standards. The Contractor shall guarantee the quality of the work performed. The acceptance of the completed works shall take place at the premises of the Contracting Authority, the service provider, or at the location agreed upon at the time of the order. The parties to the Framework Agreement agree that the date of acceptance of the service shall be the date on which the Quantity and Quality Acceptance Record is signed, confirming that the service meets the provisions of the Framework Agreement. The Contracting Partner shall thereby deliver the installed goods to the Contracting Authority for direct possession and thereby gives the Contracting Authority title to the Goods.

Acceptance of Goods

The Contracting Partner shall, unless otherwise agreed for a specific work, make the Goods subject to this Framework Agreement available to the Contracting Authority within the time frame and at the location specified by the Parties at the time of the Contract. The Goods must meet the required quality standards. Upon delivery, the Contracting Authority shall conduct a quantitative and qualitative inspection, including a visual check of the product and packaging, and shall sign a record of the inspection and the delivery note. The quality of the goods shall be guaranteed by the Contracting Partner. The Parties to the Framework Agreement agree that the date of acceptance of the Goods shall be the date on which both the delivery note and the record of quantity and quality acceptance are signed, confirming that the Goods comply with the provisions of the Framework Agreement. The Contracting Partner hereby transfers the Goods to the Contracting Authority, granting it both immediate possession and title to the Goods.

Acceptance of Training

The date of receipt of the training is defined as the date on which the Contractor issues training certificates to the individuals who have attended the training. Training certificates cannot be issued before the completion of both theoretical and practical training.

Payment Terms

Article 20

Payment shall be made for each service or delivery provided in accordance with the bids and price lists attached to this Framework Agreement

The Contracting Partner shall issue an invoice to the Contracting Authority upon the proper completion of the specific work and the successful quality acceptance of the Goods or Services. The invoice shall be accompanied by documents and forms approved by the Contracting Authority, clearly showing a detailed breakdown of the work performed and the materials used or Goods delivered, including unit prices and the final amount.

E-invoices are used only for Slovenian legal entities. Foreign Contracting Partners should send invoices in .pdf format to the following email address: glavna.pisarna@mors.si Please include a reference to the issuing organisational unit, the Framework Agreement number, and the Order Form No.

Where applicable, the Contracting Partner shall be obliged to enclose the following when issuing an invoice:

- A Bid confirmed by the Contracting Authority (Purchase Order Form or another document containing the same details)
- In the case of additional works, an updated Contractor's Bid with a list of all ROS forms
- Delivery Note with quantity and price, duly completed and signed by the Contracting Authority
- The Contractor's invoice or another document demonstrating the costs incurred for the services performed and the Goods installed or delivered (the Contracting Authority reserves the right to request invoices from all Contractors involved in a specific order, including for the execution of works, installation of Goods, delivery of Goods, and associated costs).
- A completed and confirmed Quality and Quantity Acceptance Record
- An account of the dependent costs for the services rendered, along with any supporting documents required by the Contracting Authority
- Other documents and reports on the functional tests carried out in accordance with the requirements of the Contracting Authority (certificates, approvals, technical reports, entries in technical logbooks or engine logbooks, etc.).

The Contracting Authority undertakes to pay the invoice no later than 30 days from the first day following the official receipt of the document that serves as the basis for payment. The document should be sent to the Contracting Authority's address with a reference to the issuing organizational unit, the Framework Agreement number, the Invitation number, and the Order number.

In the case of a claim, the invoice shall be rejected. Upon the receipt of a new invoice, issued after the claim has been settled, payment shall be carried out no later than 30 days following the receipt of the new invoice. The payment deadline shall begin the day after the official receipt of the invoice that shall serve as the basis for payment at the Contracting Authority's address.

(in the case of direct payments to a Subcontractor)

By signing this Framework Agreement, the Contracting Partner authorises the Contracting Authority to make direct payments to the Subcontractor on the basis of the invoice confirmed by the Contracting Partner. The Subcontractor hereby agrees that its claims against the Contracting Partner shall be settled by payment made by the Contracting Authority to the Subcontractor's bank account no. _____ open with _____ (bank). Any invoice submitted by the Contracting Partner shall be accompanied by the relevant invoice of the Subcontractor previously confirmed by the Contracting Partner. The Contracting Partner's prior confirmation is a prerequisite for direct payment to the Subcontractor. The written consent of the Subcontractors for direct payment constitutes an integral part of the Framework Agreement and shall be appended hereto. Each Subcontractor shall be paid under the same payment terms governing payment by the Contracting Authority to the Contracting Partner.

If the Contracting Authority fails to settle the invoice in due time, the Contracting Partner *(and Subcontractor)* shall be entitled to demand statutory interest for late payment.

Warranties

Article 21

During the warranty period, the Contracting Partner shall ensure faultless performance of the delivered and serviced Goods and shall, free of charge, remedy any defects that cannot be attributed to the Contracting Authority. In the event that the Contracting Authority files a warranty claim, a suitable deadline, not shorter than forty-five (8) days, shall be set to remedy the defects concerned. The Contracting Authority shall be entitled to compensation for any damage incurred due to a defect, resulting from the inability to use the goods or, consequently, the means for which they are intended, from the moment repair or replacement was requested until the Goods in question are accepted by the Contracting Authority.

Warranties for each service provided and for Goods supplied/installed shall be specified in each Bid and shall be in accordance with the applicable warranty policy of the Service Centre, Contractor, or Manufacturer. They shall commence on the date of the acceptance of the goods or services. If specific warranty periods are not defined in the individual Bid, a warranty period of _____ months (minimum 12 months) shall apply to the installed or supplied Goods or Services.

During the warranty period, the Contracting Partner shall be liable, at its own expense, to remedy any defects or to replace a defective part with a new one. These costs shall also include all transport costs and other incidental costs incurred in the course of resolving the warranty claim.

If the Contractor's or Manufacturer's warranty policy differs from the requirements set out herein, the Contracting Partner and the Contracting Authority shall agree on the method of resolution for each warranty claim. All eligible costs related to a particular warranty claim shall be borne by the Contracting Partner unless otherwise agreed with the Contracting Authority (subject to the Contractor's or Manufacturer's warranty policy).

The warranty period for repairs shall be extended for the length of time equal to the time during which the Contracting Authority was unable to use the asset. In the event that the Goods have to be replaced, the warranty period shall commence anew counting from the day the acceptance procedure for the replaced Goods is completed.

Hidden Defects

Article 22

The Contracting Authority shall immediately notify the Contracting Partner of any hidden defects. If the Contracting Partner does not begin to remedy the defects within 3 days of receiving the notification, or does not rectify them within 8 days of receiving the notification of the defect, the Contracting Authority may remedy the defects itself or through a third party at the Contracting Partner's expense, in accordance with the principle of due diligence.

The Contracting Partner shall remedy any defect or replace any defective goods with new goods within a time limit to be specified by the Contracting Authority, failing which the Supplier shall be liable to the Contracting Authority for damages. The costs incurred in remedying the defect, including all transport and other incidental costs, as well as compensation for any damage caused, shall be borne by the Contracting Partner.

The Parties hereto agree that the provisions of the Code of Obligations (Official Gazette of the Republic of Slovenia, No. 97/07 – official consolidated text; as amended and supplemented) shall apply to material defects. The Contracting Partner guarantees the faultless performance of the service and the proper functioning of the delivered or installed Goods against any hidden defects during the warranty period.

Performance Bond

Article 23

As a guarantee for the proper fulfilment of its obligations under the Framework Agreement, the Contracting Partner shall, within 20 days of signing the Framework Agreement, provide the Contracting Authority with an unconditional bank guarantee or surety bond issued by an insurance company, payable on first demand in the amount of EUR 30,000.

The Performance Bond shall be valid until the end of the Framework Agreement term or at least until 31 January 2027. In such a case, the Contracting Partner shall, prior to the expiry of the existing financial guarantee, provide a new bank guarantee or surety insurance with extended validity until 31 January of the following year. A valid Performance Bond is a prerequisite for the validity of the Framework Agreement.

If the delivery period, type of service, quality, or quantity changes during the execution of this Framework Agreement, the Contracting Partner shall accordingly modify or extend the validity of the performance bond or surety bond issued by an insurance company. The cost of the Performance Bond shall be borne by the Contracting Partner.

Subcontractors

Article 24

The Contracting Partner shall provide the services under the Framework Agreement through the following subcontractors:

_____ (include: name, full address, registration number, VAT identification number, bank account). This subcontractor shall perform _____ (include information on the portion of the contract to be performed by the stated subcontractor: type of work, quantity, value in EUR without VAT, location and the time frame in which the services are to be performed).

The Contracting Partner shall obtain the Contracting Authority's written consent prior to replacing a Subcontractor or awarding a subcontract to a new Subcontractor. If the Contracting Authority establishes that the Services hereunder are performed by a Subcontractor that has not been authorised by the Contracting Authority, the Contracting Authority may withdraw from the Framework Agreement.

In the event of a change of Subcontractor or the conclusion of a contract with a new Subcontractor, the Contracting Partner undertakes to submit the following to the Contracting Authority within 5 (five) days of the change:

- A declaration that all undisputed obligations to the original Subcontractor have been settled.
- An authorization for direct payment to the new Subcontractor for the works or supplies carried out and accepted, along with all the information specified above, which is a mandatory element of the contract.
- The new Subcontractor's consent to direct payment.

The provisions of the Articles listed under Quality of the Service Performance and Materials Used shall also apply to the Subcontractor. The Contracting Partner shall inform the Contracting Authority of any change in the business relationship between the Contracting Partner and the Contractors.

The Contracting Partner shall be fully liable to the Contracting Authority for the performance of the services and fulfilment of the Framework Agreement, irrespective of the number of Subcontractors.

(to be applied only if the Contracting Partner intends to perform the Framework Agreement without Subcontractors)

The Contracting Partner shall fulfil the provisions of this Framework Agreement without engaging Subcontractors, and hereby undertakes to obtain the Contracting Authority's written consent before entering into any subcontract. If the Contracting Authority establishes that the Services hereunder are performed by a Subcontractor that has not been authorised by the Contracting Authority, the Contracting Authority may withdraw from the Framework Agreement.

Anti-Corruption Clause

Article 25

Any contract (framework agreement) in which a person promises, offers, or gives any undue advantage to a representative or agent of a public sector body or organisation on behalf or for the account of another contracting party for the purpose of obtaining business, concluding business under more favourable terms and conditions, or omitting due supervision over the implementation of contractual obligations, or for the purpose of any other act or omission that causes a public sector body or organisation damage, or by which a representative or agent of a public sector body or organisation, the other contracting party or its representative, agent or intermediary are put in a position to obtain an undue advantage, shall be deemed null and void.

Confidentiality Protection

Article 26

In accordance with regulations on the protection of classified information, the Contracting Partner undertakes to ensure the protection of any classified information that may be obtained during the execution of work at the Contracting Authority's location under the Framework Agreement. The Contracting Partner shall ensure that work is subcontracted only to those subcontractors and

service providers who meet the same conditions for protecting classified information as the Contracting Partner.

Security Clearance

Article 27

The Contracting partner shall ensure that the contractual services provided within administrative areas with restricted access, or within areas inside the facilities and zones designated as areas of particular interest to defence, are performed exclusively by persons employed by the Contractor or its subcontractor (hereinafter “Contractor’s employees”) for whom entry therein has been granted. Such entry shall be granted if the competent body, following security screening conducted in compliance with Article 35 of the Defence Act (Official Gazette of the Republic of Slovenia nos. 103/04 – official consolidated text, 95/15 and 139/20), has concluded that there are no security concerns, or if an employee presents a valid Personnel Security Clearance with the classification level CONFIDENTIAL or higher upon entry into premises and zones designated as areas of particular interest to defence, which is then followed by an identification procedure.

Failure to conform to security standards may constitute sufficient reason for the termination of the Contract.

Withdrawal from the Framework Agreement

Article 28

The Contracting Authority shall have the right to withdraw from the Framework Agreement and seek compensation for any direct and proven damage if the Contracting Partner:

- becomes insolvent; if a court order for the payment of debts has been issued against it; if it is subject to compulsory settlement or bankruptcy proceedings; if, as a legal entity, it adopts a resolution to dissolve the company (except in the case of voluntary liquidation due to merger or restructuring); if a bankruptcy administrator is appointed over any part of its business or assets; or if similar proceedings are initiated against it as a result of debt.
- Unjustifiably delays the performance of the contract on more than ten (10) occasions.
- Enters into a contract with a new subcontractor contrary to the provisions governing subcontractors.
- Fails to fulfil its contractual obligations as set out in this Framework Agreement.
- Fails to provide the Contracting Authority, in due time before the expiry of the validity period, all required documents demonstrating its capability to perform the services under this Framework Agreement. In such a case, the Contracting Authority shall enforce the performance bond provided for the proper execution of the Framework Agreement.

If the Contracting Partner withdraws from the Framework Agreement after its conclusion and fails to fulfil the obligations agreed upon for reasons attributable to them, they shall be liable to pay the Contracting Authority a contractual penalty amounting to fifteen percent (15%) of the total framework value of this Agreement, excluding VAT.

Framework Agreement Penalty

Article 29

Delay

Should the Contracting Partner fail to deliver the ordered Goods or perform the ordered Services within the agreed deadline for an individual order, and where the delay is not caused by force

majeure or reasons attributable to the Contracting Authority, the Contracting Partner shall be liable to pay a contractual penalty under the Framework Agreement in the amount of 5‰ (per mille) of the total value of the respective order for each day of delay, up to a maximum of 15% (percent) of the total value of that order.

The basis for calculating the penalty under the Framework Agreement shall be the total value of the individual order, excluding VAT and including dependent costs. Where the order can be divided into positions, the basis for calculating the penalty shall be the value of the delayed position, excluding VAT and including dependent costs. If dependent costs cannot be allocated to specific positions, the basis for calculating the penalty shall be the value of the position, excluding dependent costs.

If the Contracting Partner unjustifiably delays the performance of the services to such an extent that it could cause harm to the Contracting Authority or render the performance ineffective, the Contracting Partner shall also be subject to a penalty for non-performance.

If the Contracting Partner cancels its Bid or modifies it in a manner unacceptable to the Contracting Authority less than five (5) days before the agreed commencement of work, the Contracting Authority may cancel the order and procure the services from the next most advantageous Bidder for that specific order. The costs incurred up to that point and any difference in the price paid to the next Bidder shall be borne by the Contracting Partner under this Framework Agreement, and a penalty for non-performance shall also be imposed.

Non-Performance

If the Contracting Partner fails to fulfil its obligations under a specific order, the Contracting Authority shall impose a penalty under the Framework Agreement amounting to 15% (fifteen percent) of the total value of the individual order, excluding VAT.

The Contracting Partner agrees that the Contracting Authority may offset any claims arising from contractual penalties against any of its financial obligations under any contract or framework agreement concluded with the Contracting Partner. If such offsetting is not feasible, the Contracting Authority shall issue a separate invoice for the amount due, which the Contracting Partner shall pay within eight (8) days of receipt. Should the damage caused to the Contracting Authority exceed the penalty amount stipulated in the Framework Agreement, the Contracting Authority shall have the right to claim the difference up to the full amount of compensation.

Framework Agreement Management

Article 30

The Contracting Authority hereby appoints _____ as the Framework Agreement Administrator; the Contracting Partner appoints _____ for the same purpose.

The authorised persons are:

- For the purpose of implementation of this Framework Agreement, the Contracting Authority hereby authorises _____, the Contracting Partner authorises _____.
- For the supervision of this Framework Agreement, the Contracting Authority hereby authorises _____.

Force Majeure

Article 31

Force Majeure means the occurrence of any event that the non-performing Party could not foresee, avoid or avert when entering into the Framework Agreement, despite acting in accordance with due diligence, on the condition that the said event arises from the external sphere of its operation and the non-performing Party was not required to take such an event into consideration.

The non-performing Party hereto asserting Force Majeure as an excuse for failure to perform shall immediately inform the other Party in writing of the commencement and the termination of the force Majeure Event. Within two (2) days of the beginning or the end of the said event, the non-performing Party shall present to the other Party credible evidence to the existence and duration of such an event.

Following the end of the Force Majeure event, both Parties to the Framework Agreement shall prepare records of any changes to the obligations under the Framework Agreement and, based on these records, shall conclude an appropriate amendment hereto. If the Parties cannot agree thereon, the Party in which the circumstances of Force Majeure did not occur has the right to withdraw from the Framework Agreement by sending a written notification thereof to the other Party. Thereafter, each Party shall settle any obligations incurred up to the day of termination of the Contract.

Final Provisions

Article 32

The Framework Agreement shall be valid for a period of up to 48 months from the date of signature by both Contracting Parties, with the possibility of extension for an additional period of up to 36 months (for a total duration of no more than 84 months).

The Contracting Authority shall be obliged to make payments to the Contractor until 31 December 2026, and to continue with further payments until the expiry of this Framework Agreement, subject to the fulfilment of formal conditions in accordance with the applicable Implementation of the Budget of the Republic of Slovenia Act or the adopted budget for the subsequent years. If the conditions for further payments are not met, the Contracting Authority shall immediately notify the Contracting Partner thereof and inform them of the termination date of the Framework Agreement. The obligations and rights arising up to the date of termination of the Framework Agreement shall be mutually settled between the Parties.

Article 33

Should there be any changes to the Contractor's circumstances during the performance of the Framework Agreement, its obligations hereunder shall be transferred to its legal successors.

Article 34

Either Party to the Framework Agreement may propose modifications or amendments. Such changes shall be valid only if made in writing and executed as an annex to this Framework Agreement.

Any changes to the Contract Administrators or authorised representatives under this Framework Agreement may be made by means of a written notice from one Party to the other.

Article 35

The Parties to the Framework Agreement agree that any provisions not explicitly regulated by this Framework Agreement shall be governed by the Obligations Code (Official Gazette of the Republic of Slovenia, No. 97/07, as amended and supplemented).

Article 36

The Parties shall endeavour to resolve any disputes arising from the execution of this Framework Agreement amicably. Should an amicable settlement not be possible, the dispute shall be subject to the jurisdiction of the competent court in Ljubljana, Slovenia, and shall be resolved in accordance with Slovenian law.

Article 37

The Framework Agreement shall be signed electronically.

The Parties to the Framework Agreement agree that the Framework Agreement shall be deemed concluded and shall enter into force on the date of signature by both Parties, provided that the Contracting Partner submits to the Contracting Authority, within twenty (20) days of the date of signature, a valid Performance Bond (either an unconditional bank guarantee or a surety insurance by an insurance company) as security for the proper fulfilment of the obligations under the Framework Agreement.
