activities for the GEN-I Group

1. Explanatory Note

The purchaser made a decision to award a public contract on 24 December 2025, by which it awarded the contract to the Bidder Solvership, d.o.o..

After a re-examination of the procedure documentation and bids, carried out before the conclusion of the contract, the Purchaser found that the decision was not made on the basis of a complete and correct assessment of the facts and that there are reasons that may affect the legality and correctness of the decision made.

In particular, the Purchaser found incomplete verification of compliance with the conditions and need for additional verification of bids which means that there is doubt about the correctness of the decision made.

In accordance with Article 90 of the Public Procurement Act (ZJN-3), the purchaser has the right to change or annul its decision until the conclusion of the contract if it finds that the decision is not legal or correct. The purchaser has therefore decided, in order to ensure a lawful procedure and respect for the principles of transparency, equal treatment of bidders and economy, to annul the decision to award the contract.

After annulment, the contracting authority will review and assess the tender again and adopt a new decision in accordance with the provisions of the Public Procurement Act ZJN-3D.

2. Legal instructions
