

The architectural drawing shows a cross-section of a building's first floor. It is divided into three main areas: JUŽNA STRAN PISARNA (South Side Office), HODNIK (Corridor), and SEVERNA STRAN PISARNA (North Side Office). The plan includes numerous technical details such as wall materials (e.g., KCS Acoustic dB Vector strop, linjske svetilke Gyon), floor finishes (e.g., mikroarmiran cem. estrih, podložni beton), and ceiling structures (e.g., fiksna zasteklitev, Alu okvirju R50). Dimensions are provided for various elements, including room sizes and component heights. Specific notes describe the construction of windows (troslajna zasteklitev) and doors (parapet 115x400 Knauf W115). The drawing also indicates the location of structural elements like columns (O1, O2, O3) and doors (T1, T2).

The floor plan shows two adjacent offices separated by a central corridor. The left office contains a desk with a computer, a chair, and a storage unit. The right office contains a desk with a computer, a chair, and a storage unit. The central corridor has a door and a window. Dimensions are provided for all elements and overall room sizes.
