Pursuant to Article 89 of the Public Procurement Act (ZJN-3) and pursuant to Article 2, paragraph 1, line 29, a bid is admissible if it meets the needs and requirements of the Purchaser.

Pursuant to Article 89 of the Public Procurement Act (ZJN-3) and Article 2, paragraph 1, line 29, a bid is admissible if it meets the Purchaser's needs and requirements. The Purchaser reviewed the Bid of bidder Nucleonova and concluded that it does not meet the needs and requirements as set out in the Technical specifications for items 8260626 rev. 1 and the bidding documentation. The Purchaser found discrepancies between the written offer and the accompanying photographs. The photographs (section 12 of the final bid, document TECHNICAL ANNEX 26-0214) submitted by the bidder, which are included in and integral to the final bid, show that the offered items are branded with Westinghouse lettering. Our research indicates that these items are not new and were manufactured between 1975 and 1985. The bidder stated that the offered items are NEW SURPLUS (document TECHNICAL ANNEX 26-0214, section 8, third bullet point), which is not in line with the Purchaser's request in the Technical specifications for items 8260626 rev. 1 (section 2, Technical and quality requirements, page 1, item A07) that items supplied must be NEW. The bid was therefore deemed inadmissible.

Nucleonova also states in the final offer (document TECHNICAL ANNEX 26-0214, paragraph 8, bullet point 8), that the supply conditions in their offer are valid at the date of submission of the offer which is not in line with instructions of the invitations to final bid.

The Bid from Kinectrics was found to contain all integral parts and meets the needs and requirements of the Purchaser set out in the technical specification and the bidding documentation. The Bid submitted by Kinectrics is admissible.

As only one final admissible Bid was received, the Purchaser did not carry out an evaluation against the criteria.

Considering the above said, the Contract for **"Supply of Tri-Pac Breakers for type W Motor control center"** has been awarded to **Kinectrics International Europe ApS, Kinectrics International Europe ApS, c/o 360 Law Firm, Lautrupsgade 7, 3 2100 Copenhagen, Denmark**, as the most favorable and qualified Bidder who is in a position to perform the subject service and delivery under the terms and conditions and within the period of time as required by the Purchaser.

The purchaser's decision is thus reasoned entirely.
