No.	Tenderer's name	Receipt date	Receipt time	Tender price (in EUR excl. VAT)
1.	**Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium**	18.06.2026	14:00	224,590.00 EUR

In accordance with the fourth paragraph of Article 89 of ZJN-3, the Contracting Authority first classified the received tender according to the criterion specified in the public procurement documents (Instructions to Tenderers for Preparing the Tender).

Based on the specified award criterion, the tenders are ranked on the evaluation scale as follows:

No.	Tenderer's name	Tender price (in EUR excl. VAT)
1.	**Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium**	**224,590.00 EUR**

The Contracting Authority established that, based on the criterion for the selection of the most advantageous tender, the tender submitted by **Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium**, was the most economically advantageous. Accordingly, it first verified whether the tender was within the funds available to the Contracting Authority.

In accordance with the provisions of Article 89 of ZJN-3, after establishing that the tender did not exceed the funds available, the Contracting Authority proceeded to verify whether the tender submitted by **Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium,** complied with the requirements and conditions set out in the public procurement notice and the public procurement documentation. After a thorough review of the tender submitted by **Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium**, the Contracting Authority established that the tender was submitted by a tenderer in respect of which there are no grounds for exclusion and which meets the selection criteria, that the tender of the tenderer meets the Contracting Authority's needs and requirements set out in Technical Specifications and public procurement documentation, that the tender was received in due time, that there is no evidence of collusion or corruption, that it is not abnormally low and that the price does not exceed provided resources of the Contracting Authority, therefore, in accordance with point 29 of the first paragraph of Article 2 of ZJN-3, the Contracting Authority **assessed** the tender submitted by **Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium, as admissible**.

The advantage of the selected tender, submitted by the tenderer **Keyence International (Belgium) NV/SA, Mouterijpad 11-13, 2800 Mechelen, Belgium**, lies in the fact that it is the only tender assessed as admissible, as it meets all the contracting authority's requirements and its total price is within the budget available to the contracting authority.
With this, the Contracting Authority substantiates its decision and, in accordance with the provisions of the Public Procurement Act (ZJN-3) and based on the reasoning provided above, has decided as stated in the operative part of this Decision.
